### MOTOR VEHICLE TRANSPORT ACT, 1987

#### LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

#### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS: LICENCES D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE DEMANDÉES EN VERTU DE LA PARTIE II

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles, within thirty days of this publication.

On trouvera ci-après la liste des demandes de licences d'exploitation d'une entreprise de camionnage extra-provinciale présentées en vertu de la partie II de la *Loi de 1987 sur les transports routiers*, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus au paragraphe 8 (2) de la Loi. L'office des transports de l'Ontario propose donc de délivrer ces licences si aucun avis d'objection n'est signifié à l'auteur de la demande et déposé auprès du registraire des véhicules automobiles dans les trente jours suivant la publication des présentes.

## MOTOR VEHICLE TRANSPORT ACT, 1987

### LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

#### INTRA-PROVINCIAL TRUCK APPLICATIONS: DEMANDES DE DÉLIVRANCE D'UNE LICENCE D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE INTRA-PROVINCIALE

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing pursuant to Subsection 7(4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

The following applicants have applied for Authority to offer a transportation service as detailed below between POINTS IN ONTARIO:

On trouvera ci-après la liste des demandes de licences d'exploitation présentées en vertu de la partie III de la *Loi de 1987 sur les transports routiers*, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus à l'article 6 de la *Loi sur le camionnage*, L.R.O. 1990, chapitre T.22. L'office des transports de l'Ontario propose donc de délivrer ces licences à moins que, dans les trente jours suivant la publication des présentes, une personne signifie à l'auteur de la demande et dépose auprès du registrateur des véhicules automobiles, accompagnée des droits prescrits, une demande écrite pour la tenue d'une audience portant sur l'aptitude de l'auteur à détenir une licence, conformément au paragraphe 7 (4) de la *Loi sur le camionnage*, L.R.O. 1990, chapitre T.22.

Les personnes suivantes ont demandé l'autorisation d'offrir les services de transport décrits ci-après entre divers endroits en Ontario :

## TRUCK TRANSPORTATION ACT LOI SUR LE CAMIONNAGE

The following are applications for operating licences under the Truck Transportation Act, R.S.O. 1990, Chapter T.22. The Applicants have been found to meet the fitness requirements pursuant to section 6 of that Act and the Registrar of Motor Vehicles proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing pursuant to subsection 7(4) of the Act.

The following applicants have applied for Authority to offer a transportation service as detailed below between POINTS IN ONTARIO:

On trouvera ci-après la liste des demandes de permis d'exploitation présentées en vertu de la *Loi sur le camionnage*, L.R.O. 1990, chapitre T.22. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus à l'article 6 de la Loi. Le registraire des véhicules automobiles propose donc de délivrer ces permis à moins que, dans les trente jours suivant la publication des présentes, une personne signifie à l'auteur de la demande et dépose auprès du registraire des véhicules automobiles, accompagnée des droits prescrits, une demande écrite pour la tenue d'une audience portant sur l'aptitude de l'auteur à détenir un permis, conformément au paragraphe 7 (4) de la Loi.

Les personnes suivantes ont demandé l'autorisation d'offrir les services de transport décrits ci-après entre divers endroits en Ontario :

6. (1) Si une proposition de restructuration doit entraîner la jonction, à des fins municipales, d'une municipalité locale, d'une partie d'une municipalité locale ou d'un territoire non érigé en municipalité à un comté, autrement que par la constitution du comté ou la fusion de comtés, l'appui suivant est nécessaire pour cet aspect de la proposition :

  - ii. ne doit être ni fusionné ni annexé, et qu'aucune localité ne doit lui être annexée, l'appui de la municipalité locale.
2. Si le comté auquel doit être joint la municipalité locale, la partie de la municipalité locale ou le territoire non érigé en municipalité :
  - i. doit résulter d'une fusion de comtés, l'appui de la double majorité des comtés faisant l'objet de la fusion,
  - ii. existe avant la proposition de restructuration, mais n'est pas fusionné, l'appui du comté.

(2) Si des parties d'une municipalité locale doivent, par suite d'une proposition de restructuration, être jointes à un comté, mais qu'elles ne doivent pas faire partie de la même municipalité locale après la mise en œuvre de la proposition, l'appui exigé aux termes du paragraphe (1) est nécessaire pour la jonction de chaque partie.

- (4) Si plus d'une assemblée est tenue avant la présentation d'une proposition de restructuration au ministre et que les résultats des différents votes sont incompatibles, la décision de l'organisme local est celle qui a été prise lors de l'assemblée où le plus grand nombre de voix ont été exprimées.
- (5) Pour l'application du paragraphe (4), les voix exprimées comprennent les voix favorables à la proposition et celles qui y sont opposées, mais ne comprennent pas les bulletins de vote détériorés.

(General)

Note: Since January 1, 1996, Regulation 537 has been amended by Ontario Regulations 84/96 and 353/96. For prior amendments, see the Table of Regulations in the Statutes of Ontario, 1995.

**1. Clause 1 (9) (d) of Regulation 537 of the Revised Regulations of Ontario, 1990 is revoked and the following substituted:**

- (d) is not engaged full time in the business in which he or she is self-employed and satisfies the welfare administrator that he or she is complying with sections 4.1 and 4.3.

**2. Section 4 of the Regulation is revoked and the following substituted:**

**4. (1)** In determining whether a person in need is eligible for assistance and the amount of assistance payable or provided to the person, a welfare administrator shall take into account the budgetary requirements of the applicant or recipient and any of his or her dependants and the liquid assets and income that are available.

**(2)** No applicant, recipient or dependent adult in full-time attendance in a course of education or program of training shall be entitled to assistance unless his or her attendance is approved or required under subsection 7 (1), (3) or (4) or he or she is attending the course or program as a participant in a program established under subsection 4.3 (3).

**(3)** An applicant or recipient whose normal income is reduced because he or she is engaged in a labour dispute shall be deemed to be in receipt of a monthly income from employment equal to the amount he or she received from that source in the month before his or her income was first affected by the dispute.

**(4)** Subsection (3) does not apply if the applicant or recipient has resigned or been dismissed from employment.

**(5)** If the welfare administrator is not satisfied that an applicant or recipient or his or her dependant is making reasonable efforts to obtain compensation or realize any financial resource or income that the person may be entitled to or eligible for, the welfare administrator may

determine that the person is not eligible for assistance or reduce the amount of assistance granted by the amount of the compensation, contribution, financial resource or income that in his or her opinion is available or would have been available to the person if the welfare administrator had been satisfied that the person was making reasonable efforts.

(6) For the purposes of subsection (5),

(a) any compensation or contribution to the support and maintenance of the applicant or recipient or his or her dependant, as the case may be, that may result from an undertaking given in respect of him or her under the *Immigration Act* (Canada) and regulations under it shall be considered to be compensation or a financial resource to which the person is entitled; and

(b) a retirement pension under the *Canada Pension Plan* or the *Quebec Pension Plan* (Quebec) that is available to a person before the month in which the person attains 65 years of age shall not be considered to be income to which that person is entitled.

(7) For the purposes of subsection (5), the proceeds of a loan guaranteed under section 8 of the *Ministry of Colleges and Universities Act* or of a loan under the *Canada Student Financial Assistance Act* is a financial resource to which an applicant or recipient or his or her spouse may be entitled if he or she is in full-time attendance at a post-secondary institution.

(8) The welfare administrator shall determine that an applicant or recipient is not eligible for assistance if the applicant or recipient or his or her spouse is in full-time attendance at a post-secondary institution and fails to make reasonable efforts to obtain a loan guaranteed under section 8 of the *Ministry of Colleges and Universities Act* or a loan under the *Canada Student Financial Assistance Act*.

**4.1** (1) In this section,

"individual" means an applicant, recipient or dependent adult, but does not include an unemployable person or a person 65 years of age or older.

(2) A welfare administrator shall refuse, cancel or reduce assistance in accordance with subsection (3) or (4) if,

(a) in the case of an individual who is unemployed,

(i) the individual refuses to undertake any full-time, part-time and casual employment for which he or she is physically capable, or

(ii) the individual is not making reasonable efforts to secure all such employment; and

(b) in the case of an individual who is employed, he or she refuses to undertake any other employment of which he or she is physically capable that would increase his or her income from employment or is not making reasonable efforts to secure such employment.

(3) For the purposes of clause (2) (a),

(a) if the individual is an applicant, assistance shall be refused for a period of three months;

(b) if the individual is a recipient with no dependants, assistance shall be cancelled for a period of three months; and

(c) in all other cases, the amount of assistance shall be reduced for a period of three months by an amount equal to the basic

allowance and shelter amount or the basic needs amount for the individual.

(4) For the purposes of clause (2) (b), the amount of assistance shall be reduced for a period of three months by the lesser of,

(a) the amount of income that in the opinion of the welfare administrator would have been available to the individual if he or she had undertaken other employment or made reasonable efforts to do so; and

(b) an amount equal to the basic allowance and shelter amount or the basic needs amount for the individual.

(5) Subsection (2) applies with respect to the following individuals only during vacation periods:

(9) Subsection (2) does not apply with respect to an individual if the welfare administrator is satisfied that it is necessary and appropriate for the individual to remain at home for substantial periods of time to give personal care and supervision to one or more dependent children of the household and that,

(a) the individual is the only adult in the household able to give adequate personal care and supervision to the child or children;

(b) no alternative and adequate child care service that allows the child or children to remain part of the household is available or appropriate in the circumstances; and

eligible for assistance or assistance would otherwise be payable to the recipient; and

(b) the applicant or recipient makes a new application for assistance.

4.2 (1) In this section,

"employment" includes self employment activities;

"individual" means an applicant, recipient or dependent adult other than a head of a family whose spouse is absent.

(2) If an individual refuses or resigns from employment without reasonable cause or is dismissed from employment because of wilful misconduct, disobedience or wilful neglect of duty that is not condoned by the employer,

(a) if the individual is a single person, assistance shall be refused or cancelled for a period of three months; and

(b) in all other cases, the amount of assistance shall be reduced by an amount equal to the basic allowance and shelter amount or the basic needs amount for that individual for a period of three months.

(3) The period for which assistance is refused, cancelled or reduced under this section in respect of an individual shall be six months rather than three months if assistance in respect of the individual has been previously refused, cancelled or reduced under this section.

(4) If assistance in respect of an individual is refused or cancelled under this section, it shall not be provided until the three or six month period, as the case may be, has expired and the individual makes a new application for assistance.

(5) If assistance in respect of an individual is reduced under this section, it shall not be re-instated to its unreduced level until the three or six month period, as the case may be, has expired and the recipient or dependent adult makes a request to the welfare administrator for the re-instatement.

(6) If the individual is an applicant or the dependent adult of an applicant, the period of three or six months shall be deemed to end three or six months after the time of the refusal, resignation or dismissal.

(7) This section applies with respect to the following individuals only during vacation periods:

1. An individual who is participating full time in a basic education or job specific skills training activity under paragraph 2 of subsection 4.3 (3).
2. An individual who is in full-time attendance in a course of education or program of training approved by the welfare administrator under subsection 7 (1).
3. An individual who is eligible for assistance under subsection 7 (4) and is a full-time student described in subclause 7 (4) (b) (iii).

(8) If, as a result of reductions to assistance under this section and sections 4.1 and 4.3, an applicant is not eligible for assistance or no assistance is payable to a recipient, the assistance shall be refused or cancelled until,

(a) as a result of the expiry of a three or six month period of reduction of assistance, the applicant would otherwise be eligible for assistance or assistance would otherwise be payable to the recipient; and

(b) the applicant or recipient makes a new application for assistance.

(9) A refusal, resignation or dismissal from employment which occurred before September 1, 1996 shall not be considered for the purposes of subsection (3).

(5) A welfare administrator shall not require an individual to participate in community participation activities for more than a total of 70 hours in any given month.

(6) An individual may participate in a specified activity that he or she proposes and that is approved by the welfare administrator as part of an approved program.

(7) If an individual refuses to participate in an approved program without reasonable cause or if an individual is required to participate in an approved program and is not making reasonable efforts to fulfill those requirements,

(a) if the individual is an applicant, assistance shall be refused for a period of three months;

(b) if the individual is a single person who is a recipient, assistance shall be cancelled for three months; and

(c) in all other cases, the amount of assistance shall be reduced by an amount equal to the basic allowance and shelter amount or the basic needs amount for that individual for a period of three months.

(8) Subsection (7) does not apply with respect to a basic education or job specific skills training activity referred to in paragraph 2 of subsection (3).

(9) The period for which assistance is refused, cancelled or reduced under this section in respect of an individual shall be six months rather

than three months if assistance has been previously refused, cancelled or reduced under this section or section 4.1 in respect of the individual.

(10) If assistance in respect of an individual is refused or cancelled under this section, it shall not be provided until the three or six month period, as the case may be, has expired and the individual makes a new application for assistance.

(11) If assistance in respect of an individual is reduced under this section, it shall not be re-instated to its unreduced level until the three or six month period, as the case may be, has expired and the recipient or dependent adult makes a request to the welfare administrator for the re-instatement.

10. Le ministre ou une commission peut prévoir que la municipalité ou le conseil local qui a transféré le pouvoir de fournir un service ou des installations aux termes de l'article 9 peut, par accord conclu avec la municipalité ou le conseil local auquel le pouvoir a été transféré, fournir un service ou des installations du type autorisé par le pouvoir qui a été transféré.

11. Le ministre ou une commission peut prévoir et modifier le statut et le nom d'une municipalité ainsi que le nom d'un conseil local si, après la modification, les conditions suivantes sont remplies :

12. Sous réserve de l'alinéa 3 (1) a) et de l'article 5, le ministre ou une commission peut transférer l'actif et le passif, les droits et les obligations de municipalités et de conseils locaux à d'autres municipalités et conseils locaux et fixer la somme d'argent qu'une municipalité ou un conseil local doit verser à une autre municipalité ou à un autre conseil local pour le règlement du transfert.

13. (1) Sous réserve de l'article 5 et des paragraphes (2), (3) et (4), le ministre ou une commission peut prévoir, notamment, la continuation, la cessation ou la prolongation des plans officiels, des règlements municipaux et des résolutions de municipalités et de

conseils locaux dans une localité visée par une proposition de restructuration.

(2) Les plans officiels et les règlements municipaux de zonage relatifs au secteur d'une localité visée par une proposition de restructuration sont réputés des plans officiels et des règlements municipaux de zonage des municipalités et des conseils locaux dont relève la partie après l'entrée en vigueur de la proposition de restructuration, jusqu'à ce que ces plans et règlements soient modifiés ou abrogés conformément à la *Loi sur l'aménagement du territoire*.

(3) Les règlements municipaux adoptés en vertu de l'article 3 de la *Loi sur les redevances d'exploitation* ne doivent pas viser un secteur plus grand que celui auquel ils s'appliquaient avant la restructuration.

**14.** (1) Sous réserve des alinéas 6 (1) a) et d) et 6 (2) b), c) et d), le ministre ou une commission peut, si une proposition de restructuration entre en vigueur dans une localité à un moment qui n'est pas la fin du mandat ordinaire d'un conseil de municipalité ou d'une commission de services publics, prévoir et établir la composition d'un conseil de municipalité ou d'une commission de services publics intérimaires dont les membres occupent leur poste jusqu'à la fin du mandat ordinaire.

(2) Les membres du conseil ou de la commission de services publics intérimaires se déterminent selon l'une ou l'autre des méthodes suivantes :

**15.** (1) Si une proposition de restructuration entre en vigueur au cours d'une année d'élection municipale ordinaire selon ce qui est prévu à l'article 18, le ministre ou une commission peut prendre des mesures particulières afin de :

- a) tenir l'élection municipale ordinaire au cours de cette année-là conformément à la *Loi sur les élections municipales*;

(2) Si une proposition de restructuration pour une localité entre en vigueur entre, inclusivement, le 1<sup>er</sup> décembre d'une année d'élection

municipale ordinaire et le 1<sup>er</sup> janvier de l'année suivante, le ministre ou une commission peut prévoir la tenue de l'élection municipale ordinaire conformément à la *Loi sur les élections municipales* ainsi que d'une élection ordinaire conformément à la *Loi sur l'éducation* comme si les municipalités, les conseils scolaires et les conseils locaux qui existeront après la restructuration existaient déjà.

**16.** (1) Le ministre ou une commission peut, à toutes fins autres que des fins scolaires, prévoir que les taux du millièmme applicables à un secteur fusionné d'une municipalité locale soient différents des taux qui auraient été en vigueur si ce pouvoir ne s'était pas exercé, à condition que la différence entre le taux du millièmme applicable aux industries et aux commerces et le taux résidentiel et agricole énoncés à l'article 9 de la *Loi sur les subventions de soutien aux municipalités de l'Ontario* soit maintenue.

(2) Le ministre ou une commission peut prévoir la répartition entre les secteurs fusionnés dans une municipalité locale à toutes fins autres que des fins scolaires, à condition que :

- a) la municipalité locale utilise les plus récents facteurs de péréquation que donne la Province pour les secteurs fusionnés;
- b) la répartition entre les secteurs fusionnés ne s'applique plus, une fois qu'intervient la réévaluation générale de la municipalité locale ou que tous les secteurs fusionnés de la municipalité locale sont évalués selon les mêmes critères.

(3) Le ministre ou une commission peut prévoir que, pour la répartition, la demande, le prélèvement, la perception et le versement des impôts aux termes des parties IV, V et IX de la *Loi sur l'éducation* et de l'article 159 de la *Loi sur les municipalités*, les secteurs fusionnés sont réputés des municipalités et le conseil d'une municipalité locale est réputé le conseil de chacun des secteurs fusionnés de la municipalité locale.

(4) Le ministre ou une commission peut prévoir l'entrée en vigueur progressive de modifications aux impôts fonciers et commerciaux qui surviennent à la suite d'une ordonnance prise en vertu du présent règlement.

(5) Le ministre ou une commission peut prévoir que s'appliquent aux contribuables d'un secteur quelconque d'une municipalité des rajustements de taux au mille qui tiennent compte des dettes, des déficits, des excédents, des réserves ou des fonds de réserve de municipalités ou de conseils locaux accumulés avant l'entrée en vigueur de la proposition de restructuration.

**17.** Le ministre ou une commission peut prévoir l'arbitrage, conformément à la *Loi de 1991 sur l'arbitrage*, de toute question d'interprétation qui se pose à l'égard d'une ordonnance prise en vertu du présent règlement.

**18.** (1) Sous réserve du paragraphe (2), l'ordonnance du ministre ou d'une commission qui met en œuvre une proposition de restructuration ne doit pas entrer en vigueur entre, inclusivement, le 2 janvier et le 30 novembre d'une année d'élection municipale ordinaire.

(2) L'ordonnance visée au paragraphe (1) peut entrer en vigueur à tout moment entre, inclusivement, le 2 janvier et le 1<sup>er</sup> juillet d'une année d'élection municipale ordinaire si les conditions suivantes sont remplies :

  - (v) benefits paid under Part II of Subsection 2 of Schedule C to the *Insurance Act* as it existed before June 22, 1990 that have been paid for more than 104 weeks.

#### PART XIV INCOME CALCULATION

##### NET WEEKLY INCOME FORMULA

61. (1) For the purpose of this Regulation, a person's net weekly income from employment shall be determined in accordance with the following formula:

$$A = \frac{B - C - D - E}{52}$$

where,

- A = the person's net weekly income from employment,
- B = the person's gross annual income from employment,
- C = the annual premium payable by the person under the *Employment Insurance Act* (Canada) on the gross annual income from employment,

D = the annual contribution payable by the person under the Canada Pension Plan (Canada) on the gross annual income from employment.

E = the income tax payable by the person under the *Income Tax Act* (Canada) and the *Income Tax Act* (Ontario) on the gross annual income from employment.

(2) For the purpose of subsection (1), the person whose net weekly income from employment is to be determined shall be deemed to be a resident of Ontario.

#### INCOME FROM SELF-EMPLOYMENT

62. (1) For the purpose of this Regulation, a person's income from self-employment shall be determined in the same manner as the person's profit from the business in which the person was self-employed would be determined under the *Income Tax Act* (Canada) and the *Income Tax Act* (Ontario), but without taking into account,

- (a) expenses that are eligible for capital cost allowance or an allowance on eligible capital property;
- (b) capital gains or losses; or
- (c) losses deductible under section 111 of the *Income Tax Act* (Canada).

(2) Despite subsection (1), an insurer and a named insured who is self-employed and not otherwise employed may agree in a contract evidenced by a motor vehicle liability policy that, for the purpose of determining benefits under this Regulation in respect of an accident that occurs during the period covered by the contract, the named insured's gross income from self-employment for every week shall be deemed to be the weekly income amount specified in the contract if, at the time of the accident, the person continues to engage in the self-employment in which he or she engaged at the time the contract was entered into and the person is not otherwise employed.

(3) In specifying a weekly income amount for the purpose of subsection (2), the insurer and insured may use information from any source, including,

- (a) personal and corporate income tax returns and assessments;
- (b) personal and corporate financial statements; and
- (c) published data on the average wage for the industry or occupation in which the insured is self-employed.

#### INCOME TAX CALCULATIONS

63. (1) For the purpose of this Regulation, the income tax payable by a person under the *Income Tax Act* (Canada) and the *Income Tax Act* (Ontario) shall be determined having regard to only the following deductions and tax credits that apply to the person under those Acts:

- 1. Alimony and maintenance payments deduction.
- 2. Basic personal tax credit.
- 3. Married person's tax credit or equivalent to married tax credit.
- 4. Age tax credit.
- 5. Disability tax credit.
- 6. Employment insurance premium tax credit.

7. Canada Pension Plan tax credit.

8. Quebec Pension Plan tax credit.

(2) If a determination of the income tax payable by a person under the *Income Tax Act* (Canada) and the *Income Tax Act* (Ontario) is necessary to determine the amount of a benefit under this Regulation, a person who applies for the benefit shall provide the insurer with such information as is reasonably necessary to enable the insurer to determine the income tax payable by the insured person under the *Income Tax Act* (Canada) and the *Income Tax Act* (Ontario).

(3) Failure to comply with subsection (2) does not relieve the insurer from any time limit established by this Regulation for the payment of the benefit, but the insurer shall determine the amount of the benefit on the basis of its best estimate of the income tax payable by the person under the *Income Tax Act* (Canada) and the *Income Tax Act* (Ontario), subject to later adjustment of the amount of the benefit when subsection (2) is complied with.

#### SEVERANCE OR TERMINATION PAY

64. For the purpose of this Regulation, payments of severance pay or termination pay shall not be included in a determination of a person's income.

### PART XV MISCELLANEOUS

#### ASSIGNMENT OF BENEFITS

65. (1) The assignment of a benefit under this Regulation is void.

(2) Subsection (1) does not apply to,

#### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS: LICENCES D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE DEMANDÉES EN VERTU DE LA PARTIE II

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles, within thirty days of this publication.

On trouvera ci-après la liste des demandes de licences d'exploitation d'une entreprise de camionnage extra-provinciale présentées en vertu de la partie II de la *Loi de 1987 sur les transports routiers*, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus au paragraphe 8 (2) de la Loi. L'office des transports de l'Ontario propose donc de délivrer ces licences si aucun avis d'objection n'est signifié à l'auteur de la demande et déposé auprès du registrateur des véhicules automobiles dans les trente jours suivant la publication des présentes.

The following are applications for operating licences under the Truck Transportation Act, R.S.O. 1990, Chapter T.22. ## Workers' Compensation Board Commission des accidents du travail

IN THE MATTER OF Section 95  
of the *Workers' Compensation Act*  
R.S.O. 1990, c. W. 11, as amended;

AND IN THE MATTER OF a Report to the Workers'  
Compensation Board on *Stomach Cancer*  
in Ontario Gold Miners

### REQUEST FOR SUBMISSIONS

Section 95 of the *Workers' Compensation Act* provides for the creation of an Occupational Disease Panel (the Panel). It is the function of the Panel to:

- (a) investigate possible occupational diseases;
- (b) make findings as to whether a probable connection exists between a disease and an occupational process, trade or occupation in Ontario;
- (c) create, develop and revise criteria for the evaluation of claims respecting occupational diseases; and
- (d) advise on eligibility rules regarding compensation for claims respecting occupational diseases.

The Panel began to investigate the issue of stomach cancer among Ontario gold miners subsequent to a request from the Workers' Compensation Board (WCB) in 1986. At issue was whether the Panel considered the evidence sufficient to indicate the provision of compensation benefits to gold or mixed ore miners who develop stomach cancer, and if so, the criteria by which it would recommend compensability to be determined.

In 1987, the Panel reported that it did not find a probable connection between stomach cancer and occupational groups within the Ontario gold mining industry. It considered the evidentiary base, as it then was, to be both biologically inconsistent with the premise of connection and inconclusive. However, the Panel undertook to review the evidence when studies of the mining population were updated. The WCB concurred with this approach.

The Panel resumed its investigation of the issue when a study presenting updated results was published in 1993. In early September 1996, the Panel provided the WCB with a report (88 pages of text and two appendices) entitled "Report to the Workers' Compensation Board on Stomach Cancer in Ontario Gold Miners". The report details the Panel's understanding and investigation of the subject and describes the background information and evidence from which were derived a finding and recommendations (majority and minority views) concerning the adjudication of workers' compensation claims for cancer of the stomach from gold miners.

In accordance with sub-section 95(12) of the *Workers' Compensation Act*, the WCB is publishing this notice setting forth the nature of the findings of the Panel and hereby requests written comments, briefs and submissions concerning them be filed with the WCB within 118 days of the date of this notice (e.g. January 17, 1997).

Included in this notice are the following:

1. The title page of the report, and
2. The Panel's finding and recommendations.

Copies of the report are available from the Panel and can be obtained by contacting the Occupational Disease Panel, 69 Yonge Street, 10th floor, Toronto, Ontario M5E 1K3 - (416) 327-4156.

All comments, briefs and submissions related to the report should be sent to Ms. Linda Angove, Secretary of the Board, Workers' Compensation Board, 200 Front Street West, 17th Floor, Toronto, Ontario M5V 3J1.

All submissions will become public documents and will be maintained in the library of the WCB.

Upon the expiry of the 118 day period herein, the WCB, pursuant to subsection 95(13), may accept the findings of the Panel with or without amendments or may reject the findings.

Notice of the WCB's acceptance or rejection, with reasons therefor, will be published in *The Ontario Gazette* in accordance with subsection 95(15) of the *Workers' Compensation Act*.

### Report to the Workers' Compensation Board on *Stomach Cancer* in Ontario Gold Miners

August, 1996

Occupational Disease Panel  
ODP Report No. 16  
Toronto, Ontario

### CHAPTER FIVE. FINDINGS AND RECOMMENDATIONS

#### SUMMARY

The existing international literature supports the concept that stomach cancer can indeed be work-related. Although a specific substance in gold mining has not been identified as the causal agent for stomach cancer, there are several theories concerning dust, PAHs, and nitrosation reactions that render an association biologically plausible.

The peculiar excess of stomach cancer among Ontario gold miners has historically been accepted as real, although not readily explainable.

The most complete mortality data available, that of Kusiak et al., 1993, reconfirms earlier findings of a statistically significant excess of stomach cancer among gold miners showing an overall SMR of 152.

The repeated finding of an excess of stomach cancer in gold miners, especially those under age 60, who seem to have a propensity to develop a type of stomach cancer (intestinal) that is more common over age 60, but which is more often associated with environmental factors, provides strong evidence for an occupational cause.

Gold miners show excess stomach cancer mortality more than two and one half times that of nickel/copper miners, arguably the best possible control group. The unusual statistically significant relationship of decreasing relative risk for stomach cancer with age distinguishes gold miners from the male population in Northern Ontario, and indeed from the mortality experience from stomach cancer in all Ontario, and speaks of a unique set of circumstances.

The Panel is convinced that the only plausible explanation for this excess is that work in gold mining contributed significantly to the excess seen in these workers.

#### FINDINGS

The Panel finds a probable connection between work in Ontario gold mining and the occurrence of primary cancer of the stomach.

As outlined in the Panel's occasional paper entitled "Decision-Making: Theory and Practice" (38) p.66-68, the Panel weighs the sum total of the evidence in deciding whether to recommend entry into Schedule 3, 4, or adjudication by guidelines on a case-by-case basis. Diseases should be entered into Schedule 3 when there is a "strong connection" between work and disease. The Panel is of the unanimous opinion that the stomach cancer found among gold miners in Ontario is work-related. However, it recognizes the possibility that some unidentified, but unique feature of Ontario gold mining characterises this work-association.

Members of the Panel discussed at length the relative merits of entry into Schedule 3 versus specific guidelines but were unable to reach a consensus. A majority of the Panel is of the opinion that the relationship between work and disease is strong enough in this instance to support the following:

## MAJORITY RECOMMENDATION :

Primary stomach cancer and the associated process, trade or occupation of gold mining should be added to Schedule 3 of the Act. Although stomach cancer can and does occur in the non-occupationally exposed population, the peculiar characteristics of the excess among Ontario gold miners should facilitate the development of fair and equitable grounds for rebutting the presumption with due consideration being given regarding the age of the claimant. The Panel would be willing, if requested, to assist the Workers' Compensation Board in their development. This recommendation was endorsed by Panel members J. Brophy, C. Buck, N. Carlan, H. Seguin, and M. Wills.

## THE MINORITY RECOMMENDATION:

Although Panel members are unanimous in their opinion that there is a probable connection between stomach cancer and work in Ontario gold mines, there is a difference of opinion as to how the finding should be implemented. Panel members W. Elliott and J. Macnamara recommend that guidelines should be used to assist adjudicators in assessing the merits of claims for stomach cancer from gold miners. This recommendation is based on their consideration of the facts before the Panel, primarily the peculiar dose response pattern and the lack of an identified causal agent.

The Panel began to investigate the issue of cancer among workers exposed to metalworking fluids subsequent to a presentation to it by the national health and safety director of the Canadian Auto Workers (CAW) in 1993. Studies jointly conducted by General Motors and the United Auto Workers had indicated a positive association between a number of types/sites of cancer and the use of machining fluids (straight, soluble or synthetic oils used for metalworking). The CAW urged the Panel to investigate whether a probable connection between a particular disease(s) and metal working fluid exposure could be found.

In early September 1996 the Panel provided the Worker's Compensation Board (WCB) with a report (53 pages and eight appendices) entitled "Report to the Workers' Compensation Board on the health effects of occupational exposure to fluids used for machining and lubricating metal in manufacturing: *Cancer of the esophagus*". The report details the Panel's understanding and investigation of the subject and describes the background information and evidence from which were derived a finding and recommendations concerning the adjudication of workers' compensation claims for cancer of the esophagus from workers who have had occupational exposure to metal working fluids.

In accordance with sub-section 95(12) of the *Workers' Compensation Act*, the WCB is publishing this notice setting forth the nature of the findings of the Panel and hereby requests written comments, briefs and submissions concerning them be filed with the WCB within 118 days of the date of this notice (e.g. January 17, 1997).

Copies of the report are available from the Panel and can be obtained by contacting the **Occupational Disease Panel, 69 Yonge Street, 10th floor, Toronto, Ontario M5E 1K3 - (416) 327-4156.**

All comments, briefs and submissions related to the report should be sent to **Ms. Linda Angove, Secretary of the Board, Workers' Compensation Board, 200 Front Street West, 17th Floor, Toronto, Ontario M5V 3J1.**

ODP Report No. 18

**CHAPTER 4.  
PANEL'S FINDINGS AND RECOMMENDATIONS**

- a) The Panel's analysis of the connection between cancer of the esophagus and metalworking fluid exposure

As in previous discussions, the Panel's analysis is based upon the considerations articulated by Sir Austin Bradford Hill which are summarized briefly in Appendix A.

Overall, the Panel found some evidence to support an association between metalworking fluid exposure and esophageal cancer, but that evidence is mostly confined to workers exposed through grinding operations.

**Strength of association**

Four groups of metalworking fluid exposed workers showed statistically significant increases in esophageal cancer. The overall Odds Ratio for grinding operations in the General Motors/UAW case-control study was 5.4 (95% CI 1.7-17.4; n=9) for solubles and 3.4 (1.0-11.7; n=8) for synthetics [18]. Workers exposed to metalworking fluids and abrasives studied by Silverstein *et al.* (1988) also experienced statistically significant increases in esophageal cancer. Two other studies found a statistically significant increase and a borderline significant increase but the operations were not specified [24,48]. These data led the Panel to conclude that strength of association is demonstrated for grinding operations.

**Consistency**

Increases in the risk of esophageal cancer were not found in every study; however, as outlined above, there were four groups with statistically significant increases, two of which were for grinding operations

at GM. The findings for grinding are somewhat consistent with the statistically significant increases in gastrointestinal cancers for grinding operations reported by Park *et al.* (1988) and by Silverstein *et al.* (1988).

Nine findings remain after excluding those that were based upon insufficient power. Of those nine, only one was below the expected. There were no statistically significant decreases.

These findings demonstrate some consistency in the findings of increased risk of esophageal cancer, particularly for grinding operations.

### Specificity

Specificity is impossible to address because the exposure described as "metalworking fluids" includes numerous substances in varying amounts and combinations.

Moreover, Hill cautioned against over-emphasizing the importance of specificity. "*We must also keep in mind that diseases may have more than one cause.*" [28]

### Temporality

Clearly, the exposures occurred before the diseases developed in the epidemiological studies discussed above.

### Biological plausibility

Dr. Archer provided an overview of the extensive body of animal research on the carcinogenicity of nitrosamines. He concluded that it is biologically plausible that NDELA, the nitrosamine that contaminates metalworking fluids, can cause esophageal cancer in humans through skin, oral or inhalation exposure [3].

Dr. Lijinsky's review notes that several carcinogens may be present in new and used metalworking fluids of various compositions. He also said that, while it is not possible to extrapolate findings for nitrosamine exposure from one species to another, nitrosamines are easily absorbed through the skin and exert their carcinogenic effect systemically. PAHs are common contaminants in new and used fluids and are potent skin carcinogens [44].

Eisen *et al.* (1994) wrote that "(t)he larger particulate used as the basis for defining exposure in this study (>9.8 µm) would be likely to deposit in the head and upper airways...". The fluids would then be swallowed and thereby come in direct contact with the esophagus. [16]

Finally, although she did not refer to the esophagus specifically, Dr. Kennedy reported that an association with gastrointestinal cancers is biologically plausible because of the presence of nitrosamines in metalworking fluids [39].

### Dose-response

The nested case-control study of the GM cohort found a clear dose-response trend for esophageal cancer for grinding using both soluble and synthetic fluids. An RR of 7.4 was reported for those with more than 17.7 years of exposure to grinding using solubles [18].

### Coherence

The evidence of statistically significant and other increases in esophageal cancer among exposed workers, together with a dose-response trend and a biologically plausible explanation for those increases, particularly for grinding, and the evidence of increases among workers exposed to metal dust, together suggests that a probable connection with grinding operations makes sense.

This coherence is further supported by the evidence that PAHs, which are potent skin carcinogens in mice, increase with metalworking fluid

use [44, 46]. Another contaminant of metalworking fluids, NDELA, has been shown to cause esophageal cancer in rats and is a possible carcinogen for humans [34a].

### Experiment

There is no experimental evidence which controls for metalworking fluids exposure available but there is experimental animal evidence. That evidence shows a relationship between esophageal cancer and some components of metalworking fluids.

### Analogy

In addition to metalworking fluid mists, metal grinding operations produce metal dusts. The Panel notes that Blair (1980) found a statistically significant excess in mortality from esophageal cancer among metal polishers and platers exposed to metals (chromium, nickel, copper, iron, lead, zinc), corrosive acid and caustic alkaline solutions, and solvents[5]. Those findings lend more support to an association between exposure to grinding operations and the development of esophageal cancer.

- b) The Panel's finding and recommendations concerning cancer of the esophagus:

In summary, four groups of exposed workers experienced statistically significant increases in esophageal cancer. Some consistency is demonstrated by the evidence of other increases and no statistically significant decreases. The case-control study of GM workers provided the best evidence about exposure types and amounts and allowed for the most carefully conducted dose-response analysis. It identified a clear trend for grinding with metalworking fluids. Biologically plausible explanations for the esophagus as target organ have been advanced, particularly in grinding operations. There is animal research indicating that metalworking fluid contaminants may be carcinogenic. Where metalworking fluids are of particle sizes sufficiently small to be inhaled, they are following the same route of entry as tobacco smoke, a known risk factor for esophageal cancer, which lends further support to a biologically plausible association. An analogy exists with metal dust exposure. Overall, the evidence is coherent.

This evidence persuades the Panel to make the following finding:

- *There is a probable connection between primary cancer of the esophagus and occupational exposure to metalworking fluids.*

The Panel's recommendations flow from the strength of the evidence. The strongest evidence concerns grinding.

In every study which gave findings for grinding specifically, the rate of esophageal or gastrointestinal cancers is elevated. The most detailed study, the case-control study of GM workers, provides the most reliable dose-response analysis and a clear trend emerged with a very high odds ratio. There were not elevations in esophageal cancers among those exposed to straight oils; the elevations occurred for those exposed to soluble and synthetic fluids which are the types of fluids used in grinding. An association is biologically plausible particularly for grinding because of the larger particle size generated during grinding.

For these reasons, the Panel makes the following recommendation:

- *Grinding operations using metalworking fluids and primary cancer of the esophagus should be added to Schedule 3 of the Act.*

The Panel recommends inclusion in Schedule 3, rather than Schedule 4, because it recognizes that in some cases the presumption will be rebutted where the cancer is attributable to non-occupational causes. The ODP is willing, if requested by the Board, to assist in the development of a rebuttal matrix.

Because the evidence does not indicate clearly whether the increases in esophageal cancer is attributable to metalworking fluids or metal

particulate generated in the course of metalworking, the Panel acknowledges the need for further research in this area. Adjudication of claims should continue in the meantime, however, based upon the evidence currently available.

Since there is not such consistency among studies of metalworking fluid exposed workers other than grinders, since there are non-occupational causes of esophageal cancer, and acting consistently with recommendations in its prior reports, the Panel does not recommend including all metalworking fluid exposed occupations in Schedule 3. Instead the Panel makes the following recommendation:

- *Claims for occupational exposure to metalworking fluids in operations other than grinding and primary esophageal cancer should be adjudicated on a case-by-case basis pending further research. Guidelines should be developed and used to assist adjudicators in assessing the merits of each claim for esophageal cancer from metalworking fluid exposed workers.*

## ONTARIO REGULATION 407/96 made under the MEDICINE ACT, 1991

Made: July 25, 1996  
Approved: September 4, 1996  
Filed: September 5, 1996

Amending O. Reg. 114/94  
(General)

Note: Ontario Regulation 114/94 has not been amended in 1996. For prior amendments, see the Table of Regulations in the Statutes of Ontario, 1995.

**1. Ontario Regulation 114/94 is amended by adding the following Part:**

### PART X FUNDING FOR THERAPY AND COUNSELLING

**41.** In this Part,

"member" includes a former member.

**42.** (1) The alternative requirements that must be satisfied in order for a person to be eligible for funding under clause 85.7 (4) (b) of the Act are prescribed in this section.

(2) A person is eligible for funding for therapy or counselling if,

- (a) there is an admission made by a member in a statement to the College or in an agreement with the College that he or she sexually abused the person while the person was a patient of the member;
- (b) a member has been convicted under the *Criminal Code* (Canada) of sexually assaulting the person while the person was a patient of the member;
- (c) there is a finding made by a panel of the Discipline Committee on or after December 31, 1993 that the person was sexually abused by a member before December 31, 1993 while the person was a patient of the member;
- (d) there is a statement, contained in the written reasons of a committee of the College given after a hearing, that the person, while a patient, was sexually abused by a member; or
- (e) there is sufficient evidence presented to the Patient Relations Committee to support a reasonable belief that the person, while a patient, was sexually abused by a member.

(3) For the purposes of clauses (e), and without limiting the generality of that clause, the following kinds of evidence may support a reasonable belief that a person, while a patient, was sexually abused by a member:

- 1. Evidence that a notice of hearing was issued by the College and containing allegations that the person, while a patient, was

sexually abused by a member who died before a hearing was held.

- 2. Evidence of reports made with respect to the member under subsection 85.1 (1) of the *Health Professions Procedural Code*.

- 3. Evidence that corroborates the person's allegations of sexual abuse.

(4) A person is not eligible under subsection (2) unless the sexual abuse, as evidenced under clause (2) (a), (b), (c), (d) or (e), occurred in Ontario.

(5) Despite subsections (2), (3) and (4), a person is eligible for funding for therapy or counselling under this Part only if,

- (a) the person submits an application for funding to the Patient Relations Committee in the form provided by the College and, in the application, the person names the member who is alleged to have sexually abused the applicant;

- (b) the person submits to the Patient Relations Committee along with the application,

- (i) a written undertaking by the applicant to keep confidential all information obtained through the application for funding process, including the fact that funding has been granted and the reasons given by the Committee for granting the funding, and

- (ii) a written undertaking by the applicant to refrain from using any of the information referred to in subclause (i) for any collateral or ulterior purpose; and

- (c) the person adheres to the procedures followed by the Patient Relations Committee when determining whether the person has satisfied the requirements for eligibility for funding.

(6) A decision by the Patient Relations Committee that a person is eligible for funding for therapy or counselling does not constitute a finding against the member and shall not be considered by any other committee of the College dealing with the member.

**43.** Despite anything in section 42, a person who is otherwise eligible for funding for therapy or counselling under this Part is not eligible for funding if the therapy or counselling for which funding is requested relates to sexual abuse by a member that occurred before December 31, 1993 and if, in the opinion of the Patient Relations Committee,

- (a) the need for therapy or counselling does not result directly or indirectly from the abuse;

- (b) there are other sources of funding available;

- (c) the College's resources are insufficient to provide the funding; or

- (d) having regard to the criteria in clauses (a), (b) or (c), the granting of funding would not be just and equitable.

**44.** (1) The Patient Relations Committee shall require a therapist or counsellor who is providing therapy or counselling that is funded

through the program required under section 85.7 of the *Health Professions Procedural Code* to provide a written statement signed by him or her containing details of his or her training and experience and confirming that the therapy or counselling is being provided and that the funds received are being devoted only to that purpose.

(2) The Patient Relations Committee shall require a person who is receiving therapy or counselling that is funded through the program required under section 85.7 of the *Health Professions Procedural Code* to provide a written statement signed by him or her acknowledging that he or she is aware of the details of the training and experience of the therapist or counsellor and confirming that the therapy or counselling is being provided and that the funds received are being devoted only to that purpose.

## Workers' Compensation Board Commission des accidents du travail

IN THE MATTER OF Section 95  
of the *Workers' Compensation Act*  
R.S.O. 1990, c. W. 11, as amended;

AND IN THE MATTER OF an Addendum to IDSP Report No. 12  
Report to the Workers' Compensation Board on *Lung Cancer* in  
the Hardrock Mining Industry

REQUEST FOR SUBMISSIONS

Section 95 of the *Workers' Compensation Act* provides for the creation of an Occupational Disease Panel (the Panel, formerly the IDSP). It is the function of the Panel to:

- (a) investigate possible occupational diseases;
- (b) make findings as to whether a probable connection exists between a disease and an occupational process, trade or occupation in Ontario;
- (c) create, develop and revise criteria for the evaluation of claims respecting occupational diseases; and
- (d) advise on eligibility rules regarding compensation for claims respecting occupational diseases.

In a report dated March 1994 the Panel provided the Workers' Compensation Board (WCB) with a report examining the relationship between lung cancer and working in hardrock mining. The WCB published that report in *The Ontario Gazette* in May of 1994 and received 59 written comments, briefs and submissions concerning it.

The panel had reported that it found a probable connection between all hardrock mining and lung cancer. It recommended that primary lung cancer, in association with hardrock mining, be placed in Schedule 3 of the *Workers' Compensation Act*. In addition, the Panel recommended that this be done subsequent to the Panel creating an acceptable "rebuttal matrix" (e.g., a system of weighing evidence that would assist adjudicators in assessing whether the presumption of work-relatedness is rebutted in the individual case). To date, the Panel has not proposed such a matrix.

In early September 1996 the Panel provided the WCB with a report (40 pages) entitled "Addendum to IDSP Report to the Workers' Compensation Board on Lung Cancer in the Hardrock Mining Industry". The Panel had commissioned a comprehensive morbidity study of cancer among nickel workers in Ontario with a research team at McMaster University, Hamilton in 1990. The current report summarizes the results of that study as they pertain to lung cancer.

The Panel intends that the report be regarded as supplemental to pages 26-29 of the Panel's "Report No. 12, Report to the Workers' Compensation Board on Lung Cancer in the Hardrock Mining Industry" of March, 1994.

Sub-section 95(12) of the *Workers' Compensation Act* directs that before accepting or rejecting any findings of the Panel, the WCB shall publish in *The Ontario Gazette* a notice setting forth the nature of the findings of the Panel and calling for comments, briefs and submissions thereon to be filed with the WCB within sixty days of the publication of the notice. The current report does not modify the findings contained in the Panel's previous report. The WCB is nevertheless publishing it and hereby requests that written comments, briefs and submissions concerning it be filed with the WCB within 60 days of the date of this notice (i.e., November 27, 1996).

Included in this notice are the following:

- 1. The title page of the report, and
- 2. The Panel's conclusions.

Copies of the report are available from the Panel and can be obtained by contacting the **Occupational Disease Panel, 69 Yonge Street, 10th floor, Toronto, Ontario M5E 1K3 - (416) 327-4156.**

All comments, briefs and submissions related to the report should be sent to **Ms. Linda Angove, Secretary of the Board, Workers' Compensation Board, 200 Front Street West, 17th Floor, Toronto, Ontario M5V 3J1.**

All submissions will become public documents and will be maintained in the library of the WCB.

Notice of the WCB's acceptance or rejection of the findings of Report #12, with reasons therefor, will be published in *The Ontario Gazette* in accordance with subsection 95(15) of the *Workers' Compensation Act*.

### **Report to the Workers' Compensation Board on Lung Cancer in the Hardrock Mining Industry**

September, 1996

ODP Report No. 12A  
Occupational Disease Panel  
Toronto, Ontario

#### **Conclusion**

In 1994, the Panel concluded that there was a "probable connection" between lung cancer and all hardrock mining.

The Panel is of the unanimous opinion that the results of this most recent study confirm the Panel's earlier conclusion that there is a "probable connection" between lung cancer and nickel mining.

In addition, the findings support the whole of the hardrock mining report with evidence that working in other ores contributes to lung cancer excess, and that smoking cannot provide a satisfactory explanation for the excesses seen.

The results reconfirm that some sub-groups of workers in the nickel mining industry have statistically significant increases in lung cancer that cannot be attributed to any non-work confounder. This comprehensive report should be of immense help to the Panel and the Board in delineating a reasonable rebuttal matrix for lung cancer among hardrock miners.

CAMIONNAGE DEMANDÉES EN VERTU DE LA PARTIE II :

The following are applications for extra-provincial truck transport  
operating licences under Part II of the Motor Vehicle Transport Act,  
1987, S.C. 1987, Chapter 35. The applicants have been found to meet  
the fitness requirements pursuant to Section 8(2) of that Act and the

no objection is served on the Applicant and filed with the Registrar of  
Motor Vehicles, within thirty days of this publication.

On trouvera ci-après la liste des demandes de licences d'exploitation  
d'une entreprise de camionnage extra-provinciale présentées en vertu

de la partie II de la *Loi de 1987 sur les transports routiers*, L.C. 1987,

se conformaient aux critères d'aptitude prévus au paragraphe 8 (2) de  
la Loi. L'office des transports de l'Ontario propose donc de délivrer

### MOTOR VEHICLE TRANSPORT ACT, 1987

#### LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

#### MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS: LICENCES D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE DEMANDÉES EN VERTU DE LA PARTIE II :

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles, within thirty days of this publication.

On trouvera ci-après la liste des demandes de licences d'exploitation d'une entreprise de camionnage extra-provinciale présentées en vertu de la partie II de la Loi de 1987 sur les transports routiers, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus au paragraphe 8 (2) de la Loi. L'office des transports de l'Ontario propose donc de délivrer ces licences si aucun avis d'objection n'est signifié à l'auteur de la demande et déposé auprès du registrateur des véhicules automobiles dans les trente jours suivant la publication des présentes.

## Insurance Act Loi sur les assurances

### TRANSPORTATION EXPENSE GUIDELINES

These guidelines are issued pursuant to section 268.3 of the *Insurance Act* and apply to accidents occurring on or after November 1, 1996.

### Purpose

The purpose of the *Transportation Expense Guidelines* is to provide a framework for insurers and insured persons to determine the circumstances under which expenses related to transportation of an insured person to and from treatment sessions must be paid by an insurer. The guidelines set out authorized expenses and applicable rates for the purpose of subsections 14(5), 15(11) and 24(3) of the *Statutory Accident Benefits Schedule - Accidents on or After November 1, 1996*.

### Authorized Expenses

The insurer is liable to pay for all reasonable and necessary transportation expenses for each trip that the insured person makes to and from treatment sessions, counselling sessions, training sessions, examinations and assessments. The insurer is also liable to pay for all reasonable and necessary transportation expenses of the insured person's aide or attendant. Transportation expenses are calculated based on the most direct route. Transportation expenses include parking fees incurred.

The mode of transportation selected should be the most economical, practical for the distance to be travelled and appropriate under the specific circumstances.

### Use of Automobiles

The insurer is liable to pay a mileage expense for transportation of the insured person and their aide or attendant, to and from treatment sessions, counselling sessions, training sessions, examinations and assessments using the insured person's automobile, excluding the first 50 kilometres of each trip. This applies to minors who are driven to treatment sessions, examinations or assessments.

For the purpose of these guidelines, the "insured person's automobile" includes any automobile owned or leased by the insured person or any other automobile to which the insured person has access.

The rate that is to be used to calculate transportation expenses for the use of the insured person's automobile is twenty two cents per kilometre (22¢/km) travelled.

### Use of Taxis

The insurer is liable to pay for reasonable and necessary taxi fare incurred by an insured person and their aide or attendant provided that,

- the insured person does not own or have access to an automobile; or
- the insured person is unable to operate an automobile; or
- it is reasonable and practical in the circumstances to take a taxi.

### Other Modes of Transportation

Insurers are liable to pay for reasonable and necessary expenses for other modes of transportation where circumstances warrant. Before an insured person incurs expenses for air, rail and bus transportation services, he or she should discuss the matter with their insurer.

### DIRECTIVE CONCERNANT LES FRAIS DE TRANSPORT

La présente directive est émise conformément à l'article 268.3 de la *Loi sur les assurances* et s'applique aux accidents survenus le 1<sup>er</sup> novembre 1996 ou après ce jour.

### Objectif

La présente directive sert de guide pour les assureurs et les personnes assurées qui ont à déterminer dans quelles circonstances l'assureur doit payer les frais de transport que la personne assurée doit engager pour se rendre à ses séances de traitement et en revenir. Elle renferme les dépenses autorisées et les tarifs applicables aux fins des paragraphes 14(5), 15(11) et 24(3) de l'*Annexe sur les indemnités d'accident légales - Accidents survenus le 1<sup>er</sup> novembre 1996 ou après ce jour*.

**Dépenses autorisées**

L'assureur est tenu de payer tous les frais de transport raisonnables que la personne assurée doit engager pour se rendre aux séances de traitement, aux séances d'orientation, aux séances de formation, aux examens et aux évaluations et pour en revenir. L'assureur doit également payer tous les frais de transport raisonnables que l'aide de la personne assurée doit engager. On se fonde sur le trajet le plus direct pour établir les frais de transport. Les droits de stationnement peuvent être inclus dans ces frais.

Il faut choisir le moyen de transport le plus économique et le plus pratique pour la distance à parcourir et celui qui convient le mieux dans les circonstances.

**Automobiles**

L'assureur est tenu de payer les frais associés au transport de la personne assurée et de son aide pour se rendre aux séances de traitement, aux séances d'orientation, aux séances de formation, aux examens et aux évaluations et pour en revenir dans l'automobile de la personne assurée, à l'exclusion des 50 premiers kilomètres de chaque parcours. Cela s'applique aux mineurs que l'on doit conduire aux séances de traitement, aux examens ou aux évaluations.

Aux fins de la présente directive, on entend par «automobile de la personne assurée» toute automobile que possède ou loue la personne assurée ou toute autre automobile à sa disposition.

Les frais de transport associés à l'automobile de la personne assurée sont calculés en fonction de vingt-deux cents le kilomètre (22 ¢/km) parcouru.

**Taxis**

L'assureur est tenu de payer les frais de taxi raisonnables que la personne assurée et son aide doivent engager dans l'un ou l'autre des cas suivants :

- la personne assurée ne possède pas d'automobile ou n'en a pas à sa disposition;
- la personne assurée est incapable de conduire une automobile;
- dans les circonstances, il est raisonnable et pratique de prendre un taxi.

**Autres moyens de transport**

Les assureurs sont tenus de payer les frais raisonnables engagés relativement à tout autre moyen de transport lorsque les circonstances l'exigent. La personne assurée devrait toutefois s'adresser à son assureur avant d'engager des frais de transport aérien, ferroviaire ou par autobus.

**OPTIONAL INDEXATION BENEFIT GUIDELINES**

These guidelines are issued pursuant to section 268.3 of the *Insurance Act* and apply to accidents occurring on or after November 1, 1996.

**Purpose**

The purpose of the *Optional Indexation Benefit Guidelines* is to set out the procedures and formulas for indexation as referred to in section 29 of the *Statutory Accident Benefits Schedule - Accidents on or After November 1, 1996*.

**General Application**

These guidelines apply to named insured persons who have purchased the optional indexation benefit, their spouse, dependants and persons specified as drivers under the policy.

Indexation applies to the following benefits and monetary limits:

- 1) the weekly amount of any income replacement benefit
- 2) the weekly amount of any non-earner benefit
- 3) the weekly monetary limits applicable to income replacement benefits
- 4) the weekly monetary limits applicable to caregiver benefits
- 5) the monthly attendant care monetary limits
- 6) the outstanding balance of medical and rehabilitation benefits available
- 7) the outstanding balance of attendant care benefits available
- 8) the outstanding balance of medical, rehabilitation and attendant care benefits available to persons who have access to the optional increased medical, rehabilitation and attendant care benefit

Benefit amounts and monetary limits are indexed on January 1 of each year immediately following the accident.

**Indexation Percentage**

The indexation percentage is the percentage change in the Consumer Price Index for Canada (All Items), as published by Statistics Canada under the authority of the *Statistics Act (Canada)*, for the period from September in the year immediately preceding the previous year to September of the previous year.

The indexation percentage for January 1, 1997 will be published by the Ontario Insurance Commission once it is available.

**Indexation of Income Replacement Benefit (IRB) and Non-Earner Benefit**

The weekly amount of a person's income replacement benefit (80 per cent of net income) and the applicable monetary limit (\$400, \$600, \$800 or \$1,000, depending on whether optional IRBs were purchased), are adjusted using the indexation percentage on January 1 of the year immediately after the accident. In each subsequent year, the weekly benefit and limit from the previous year are adjusted. Indexation is applied before taking into account any collateral source income.

Similarly, with respect to the non-earner benefit, the benefit limits (\$185 and \$320, as applicable to the person) are adjusted using the indexation percentage on January 1 of the year immediately after the accident. In each subsequent year, the previous year's limit is adjusted. Indexation is applied before taking into account any collateral source income.

**Indexation of Weekly Limits for Caregiver Benefit and Monthly Limits for Attendant Care Benefit**

The indexation percentage is applied to the monetary limits for the caregiver benefit and the attendant care benefit on January 1 of the year immediately following the accident. In each subsequent year, the limits from the previous year are adjusted.

Indexation shall be performed in accordance with the following formula:

$$A = B \times (1 + (C \div 100)) \text{ where,}$$

**A = the new amount** (ie. the new monetary limit or the new weekly benefit)

**B = the previous year's amount**

**C = the indexation percentage**

### Indexation of Medical, Rehabilitation and Attendant Care Limits

The outstanding balance with respect to medical and rehabilitation benefits and the outstanding balance with respect to the attendant care benefit are indexed on January 1 of each year immediately after the accident. Indexation of these limits is performed using a declining balance method.

Incurred medical, rehabilitation and attendant care expenses up to December 31 of the year are subtracted from the insured person's limits for that year, for each benefit. The indexation percentage is applied to the outstanding balance (i.e. the unused portions). The indexed amounts become the insured person's new monetary limits for the year. Indexation using the declining balance method applies to each of the following:

- 1) the combined medical and rehabilitation monetary limit,
- 2) the attendant care monetary limit, and
- 3) the combined medical, rehabilitation and attendant care monetary limit, if the optional medical, rehabilitation and attendant care benefit was purchased.

Indexation using the declining balance method shall be applied in accordance with the following formula:

$$A = (B - C) \times (1 + (D \div 100)) \text{ where,}$$

**A = the new monetary limit** (ie. new medical and rehabilitation monetary limit, new attendant care monetary limit or new combined monetary limit available to the person)

**B = the previous year's monetary limit**

**C = the sum of all incurred expenses for the previous year** (ie. sum of medical expenses, rehabilitation expenses or attendant care expenses)

**D = the indexation percentage**

### Notice of Outstanding Balance

Upon the request of the insured person, insurance companies are to provide a notice stating the outstanding balance, as indexed, of the medical and rehabilitation benefits and the attendant care benefit and the outstanding balance of the combined benefits, if applicable, as of January 1 of the year.

### DIRECTIVE CONCERNANT L'INDEMNITÉ OPTIONNELLE D'INDEXATION

La présente directive est émise en vertu de l'article 268.3 de la *Loi sur les assurances* et s'applique aux accidents survenus le 1<sup>er</sup> novembre 1996 ou après ce jour.

### Objectif

Cette directive renferme les procédures et les formules relatives à l'indexation dont on fait mention à l'article 29 de l'*Annexe sur les indemnités d'accident légales - Accidents survenus le 1<sup>er</sup> novembre 1996 ou après ce jour*.

### Portée générale

La présente directive s'applique aux personnes assurées désignées qui se sont procuré l'indemnité optionnelle d'indexation, à leur conjoint(e), aux personnes à leur charge et aux personnes qui sont désignées en tant que conducteurs dans la police.

L'indexation s'applique aux indemnités et aux montants maximums suivants :

- 1) le montant hebdomadaire de toute indemnité de remplacement de revenu

- 2) le montant hebdomadaire de toute indemnité de personne sans revenu d'emploi
- 3) les montants hebdomadaires maximums de l'indemnité de remplacement de revenu
- 4) les montants hebdomadaires maximums de l'indemnité de soignant
- 5) les montants mensuels maximums de l'indemnité de soins auxiliaires
- 6) le solde des indemnités pour frais médicaux et de réadaptation
- 7) le solde de l'indemnité de soins auxiliaires
- 8) le solde des indemnités pour frais médicaux, de réadaptation et de soins auxiliaires à l'intention des personnes qui ont droit aux indemnités optionnelles accrues pour frais médicaux, de réadaptation et de soins auxiliaires

Les montants d'indemnité et les montants maximums sont indexés le 1<sup>er</sup> janvier de chaque année qui suit immédiatement l'accident.

### Pourcentage d'indexation

Le pourcentage d'indexation est le pourcentage de variation de l'Indice des prix à la consommation pour le Canada (ensemble des composantes), publié par Statistique Canada en vertu de la *Loi sur la statistique* (Canada), pour la période allant du mois de septembre de l'année antérieure à l'année précédente jusqu'au mois de septembre de l'année précédente.

La Commission des assurances de l'Ontario fera connaître le pourcentage d'indexation pour le 1<sup>er</sup> janvier 1997 dès qu'il sera disponible.

### Indexation de l'indemnité de remplacement de revenu et de l'indemnité de personne sans revenu d'emploi

On utilise le pourcentage d'indexation du 1<sup>er</sup> janvier de l'année qui suit immédiatement l'accident pour rajuster le montant hebdomadaire de l'indemnité de remplacement de revenu d'une personne (80 % du revenu net) et le montant maximum applicable (400 \$, 600 \$, 800 \$ ou 1 000 \$ selon qu'elle s'est procuré ou non l'indemnité de remplacement de revenu). Au cours de chaque année ultérieure, l'indemnité hebdomadaire et le montant maximal de l'année précédente sont rajustés. On procède à l'indexation avant de tenir compte de tout revenu de source accessoire.

Pour ce qui est de l'indemnité de personne sans revenu d'emploi, les montants maximums (185 \$ et 320 \$, selon les cas) sont rajustés à l'aide du pourcentage d'indexation le 1<sup>er</sup> janvier de l'année qui suit immédiatement l'accident. Au cours de chaque année ultérieure, le montant maximum de l'année précédente est rajusté. On procède à l'indexation avant de tenir compte de tout revenu de source accessoire.

### Indexation des montants hebdomadaires maximums de l'indemnité de soignant et des montants mensuels maximums de l'indemnité de soins auxiliaires

Le pourcentage d'indexation est appliqué aux montants maximums de l'indemnité de soignant et de l'indemnité de soins auxiliaires le 1<sup>er</sup> janvier de l'année qui suit immédiatement l'accident. Au cours de chaque année ultérieure, les montants maximums de l'année précédente sont rajustés.

L'indexation est effectuée à l'aide de la formule suivante :

$$A = B \times (1 + (C \div 100)) \text{ où :}$$

**A = le nouveau montant** (soit le nouveau montant maximum ou la nouvelle indemnité hebdomadaire)

**B = le montant de l'année précédente**

**C = le pourcentage d'indexation**

### Indexation des montants maximums des indemnités pour frais médicaux, de réadaptation et de soins auxiliaires

Les soldes des indemnités pour frais médicaux, de réadaptation et de soins auxiliaires sont indexés le 1<sup>er</sup> janvier de chaque année qui suit immédiatement l'accident. On procède à l'indexation à l'aide d'une méthode d'amortissement dégressif.

Les frais médicaux, de réadaptation et de soins auxiliaires engagés jusqu'au 31 décembre de l'année sont soustraits du montant maximum que la personne assurée peut recevoir cette année-là pour chaque indemnité. Le pourcentage d'indexation est appliqué au solde (soit la portion non utilisée). Les montants indexés deviennent les nouveaux montants maximums que la personne assurée peut recevoir au cours de l'année. L'indexation à l'aide de la méthode d'amortissement dégressif s'applique à chacun des montants suivants :

- 1) le montant maximum combiné des indemnités pour frais médicaux et de réadaptation
- 2) le montant maximum de l'indemnité de soins auxiliaires
- 3) le montant maximum combiné des indemnités pour frais médicaux, de réadaptation et de soins auxiliaires si l'on s'est procuré les indemnités optionnelles pour frais médicaux, de réadaptation et de soins auxiliaires

Il faut se servir de la formule suivante pour l'indexation selon la méthode d'amortissement dégressif :

$A = (B - C) \times (1 + (D \div 100))$  où :

**A = le nouveau montant maximum** (soit le nouveau montant maximum des indemnités pour frais médicaux, de réadaptation ou des soins auxiliaires ou le nouveau montant maximum combiné auquel la personne a droit)

**B = le montant maximum de l'année précédente**

**C = la somme de toutes les dépenses engagées pour l'année précédente** (soit la somme des frais médicaux, de réadaptation et de soins auxiliaires)

**D = le pourcentage d'indexation**

#### Avis relatif au solde

Sur demande des personnes assurées, les compagnies d'assurance sont tenues de fournir un avis relatif au solde indexé des indemnités pour frais médicaux, de réadaptation et de soins auxiliaires et au solde des indemnités combinées, le cas échéant, au 1<sup>er</sup> janvier de l'année en question.

### GUIDELINE FOR STATUTORY ACCIDENT BENEFITS APPLICATIONS, THE CLAIMS PROCESS AND THE MEDIATION PROCESS (BILL 59)

This guideline is issued pursuant to Section 268.3 of the *Insurance Act*.

This guideline applies to accidents occurring on or after November 1, 1996. The purpose of this guideline is to help insurers and claimants understand their rights and responsibilities when dealing with statutory accident benefit claims. Above all else there is an obligation on both insurers and insured persons (referred to as "claimants" in this guideline) to act fairly with each other in making an application for benefits and in processing claims.

The full and timely exchange of information by both insurers and claimants is critical. Insurers must limit their requests to information that is related to the claim, and claimants must give an insurer the information that the company needs to establish the nature, extent and continuing validity of a claim. Claimants must not withhold any information, delay, make the insurer's evaluation of the claim more difficult or impossible.

Claimants should realize that unreasonable actions will delay payments and can lead to denial of benefits without access to court or arbitration. Insurers can also terminate benefits if a claimant wilfully misrepresents facts with respect to an application for accident benefits.

Insurers should realize that unreasonable actions are treated as unfair practices and may lead to penalties under Section 282(10) of the *Insurance Act*, cease and desist orders and prosecution.

This guideline applies equally to all insurers, claimants and their representatives and is to be considered in any decision involving the interpretation of the *Statutory Accident Benefits Schedule (SABS)*. The details of the rights and responsibilities of the parties are set out in the sections called "Principles For Statutory Accident Benefits Applications And The Claims Process" and "Principles For The Mediation Process".

### PRINCIPLES FOR STATUTORY ACCIDENT BENEFITS APPLICATIONS AND THE CLAIMS PROCESS

#### Insurers' Responsibilities

- Inform claimants about the kind of accident benefits that are available under the *SABS*, let claimants know all the procedures to be followed and documentation needed when applying for benefits. When asked, insurers must give a copy of the *SABS* without charge to any person entitled to benefits.
- Give claimants the application for benefits package and other applicable forms, and help claimants complete all forms.
- Provide claimants with specific requests for additional relevant information.
- Make sure that all requests for information from claimants and third parties are relevant to the claimant's entitlement to benefits.
- Evaluate all applications for benefits fairly and quickly.
- Let claimants know about all decisions made concerning their claim within the times specified in the *SABS*, give the reasons for those decisions, and make sure that payments due to claimants are made within the times specified in the *SABS*.
- Pay for reasonable measures to reduce or eliminate the effects of any disability resulting from injuries sustained by a claimant in an accident and to help their reintegration into their family, the labour market and the rest of society.
- Cooperate with representatives retained or appointed by claimants to help claimants with their claims.
- Make sure notices to claimants are in writing and in plain language.
- Make sure requests for a claimant to undergo an assessment or examination are to obtain necessary information.
- Make sure assessors or evaluators who are asked by the insurer to examine a claimant accommodate the claimant when scheduling appointments to minimize inconvenience to the claimant.

#### Claimants' Responsibilities

- Complete all forms promptly. The *SABS* require that applications for accident benefits be submitted within 30 days of receiving the forms from the insurer.
- Give their insurer all reasonably relevant information requested by the insurer to prove their entitlement to benefits including a statutory declaration as to the circumstances that gave rise to the accident benefits application.
- Give true and accurate information.
- Give third parties the right to release information about the claimant needed by insurers to evaluate the claim for benefits.

- Submit a treatment plan before incurring medical or rehabilitation expenses.
- Take part in treatment and rehabilitation that will allow them to start or return to work, or shorten their period of disability.
- Cooperate with representatives retained or appointed to help insurers evaluate claims.
- Promptly let their insurer know about any material change in their circumstances affecting their entitlement to benefits (the *Insurance Act* requires that this be done within 14 days).
- Take part in assessments or examinations that their insurer is allowed to ask for under the *SABS* including those done by designated assessment centres (DACs).
- Give notice (under normal circumstances, notice should be given within 2 days) to their insurer and the assessor or examiner when they cannot attend a scheduled appointment and give reasons why they cannot attend.
- Give any person allowed to examine or assess the claimant under the *SABS*, the information that is reasonably necessary to do the examination and allow third parties to also give out such information.
- Agree to have reports produced by persons allowed to examine the claimant under the *SABS* given to your insurer.

#### PRINCIPLES FOR THE MEDIATION PROCESS

- A Responsibilities of claimants wishing to apply for mediation services**
- have previously completed an application for benefits and all forms in full and submitted them to your insurer; and
  - take part in any assessment or examination required under the *SABS*, and give the assessor any information needed for an assessment under the *SABS*.
- B Responsibilities of insurers and claimants before using mediation services at the Ontario Insurance Commission**
- clarify the facts;
  - identify the issues in dispute according to both of them;
  - discuss and arrange for the timely exchange of relevant documents; and
  - make reasonable efforts towards reaching a settlement.
- C Other responsibilities of claimants**
- personally take part and cooperate in the mediation process.

#### DIRECTIVE CONCERNANT LES DEMANDES D'INDEMNITÉS D'ACCIDENT LÉGALES ET AUX PROCÉDURES DE DEMANDES D'INDEMNITÉS ET DE MÉDIATION (PROJET DE LOI 59)

La présente directive est émise en vertu de l'article 268.3 de la *Loi sur les assurances*.

Cette directive s'applique aux accidents survenus le 1<sup>er</sup> novembre 1996 ou après ce jour. Elle vise à clarifier les droits et obligations des assureurs et des demandeurs en ce qui a trait aux indemnités d'accident légales. Fondamentalement, l'assureur et la personne assurée (désignée demandeur dans la présente directive) doivent agir en toute bonne foi dans leurs démarches respectives de demande et de traitement de la demande.

Il est en outre essentiel que les deux parties fournissent tous les renseignements requis dans les délais voulus. Les renseignements exigés par l'assureur doivent toutefois strictement se rapporter à la demande. Les demandeurs doivent, pour leur part, fournir à l'assureur

tous les renseignements dont il a besoin pour déterminer la nature et l'importance de la demande ainsi que la période de validité de celle-ci.

Les demandeurs ne doivent taire aucune information ni ralentir, compliquer ou empêcher l'évaluation de la demande d'indemnisation par l'assureur. Les demandeurs doivent prendre acte du fait qu'un comportement déraisonnable de leur part peut retarder le versement des indemnités ou les priver de leurs droits à l'égard de celles-ci sans aucun recours en justice ou possibilité d'arbitrage. Les assureurs peuvent aussi mettre fin aux indemnités si un demandeur fait sciemment des fausses déclarations relativement à une demande d'indemnités d'accident.

L'assureur doit prendre acte du fait qu'un comportement déraisonnable de sa part est passible, au titre des pratiques déloyales, des sanctions prévues au paragraphe 282(10) de la *Loi sur les assurances*, d'une ordonnance de cesser et de s'abstenir de poursuites.

La présente directive s'applique à tous les assureurs et demandeurs ainsi qu'à leurs représentants respectifs et doit régir toute décision nécessitant une interprétation de l'*Annexe sur les indemnités d'accident légales*. Les sections intitulées « Principes régissant les demandes d'indemnités d'accident légales et procédure de demande d'indemnités » et « Principes régissant la procédure de médiation » définissent avec précision les droits et les obligations des deux parties.

#### PRINCIPES RÉGISSANT LES DEMANDES D'INDEMNITÉS D'ACCIDENT LÉGALES ET PROCÉDURE DE DEMANDE D'INDEMNITÉS

##### Obligations de l'assureur

- Expliquer aux demandeurs les différentes indemnités d'accident auxquelles ils peuvent prétendre en vertu de l'*Annexe sur les indemnités d'accident légales* et les informer des procédures à suivre et des documents à remplir pour déposer une demande d'indemnisation. Sur simple demande, l'assureur doit fournir gratuitement aux demandeurs ayant droit à des indemnités un exemplaire de l'*Annexe sur les indemnités d'accident légales*.
- Fournir aux demandeurs l'ensemble des documents de demande d'indemnisation et toute autre formule requise et les aider à les remplir.
- Demander des renseignements complémentaires pertinents aux demandeurs.
- S'assurer que tous les renseignements requis des demandeurs et de tiers le sont dans le but de déterminer les indemnités auxquelles les demandeurs peuvent prétendre.
- Traiter dans les plus brefs délais toutes les demandes d'indemnisation en s'assurant d'être équitable.
- Informer les demandeurs de toute décision prise à l'égard de leur demande d'indemnisation en leur fournissant des justifications et veiller à ce qu'ils perçoivent leurs indemnités dans les délais indiqués dans l'*Annexe sur les indemnités d'accident légales*.
- Défrayer les coûts raisonnables des mesures prises pour réduire ou éliminer les effets de toute invalidité due aux séquelles de l'accident subi par les demandeurs et les aider à se réinsérer dans leur milieu familial et social ainsi que sur le marché du travail.
- Coopérer avec les représentants désignés ou retenus par les demandeurs pour les aider à formuler leurs demandes.
- S'assurer que les demandeurs formulent leurs demandes par écrit et de manière intelligible.
- S'assurer que les évaluations et les examens auxquels les demandeurs doivent se soumettre visent à obtenir des renseignements nécessaires.
- S'assurer que les personnes chargées par l'assureur d'examiner les demandeurs ou d'évaluer leur cas les convoquent en tenant compte de leurs disponibilités, de manière à minimiser les inconvénients pour ceux-ci.

**Obligations des demandeurs**

- Remplir toutes les formules dans les meilleurs délais. En vertu de l'*Annexe sur les indemnités d'accident légales*, les demandes d'indemnités doivent être soumises dans les 30 jours de la réception des formules de l'assureur.
- Fournir à l'assureur tous les renseignements dont il a besoin pour vérifier qu'ils ont droit aux indemnités demandées, dont une déclaration solennelle portant sur les circonstances qui ont donné lieu à la demande d'indemnités d'accident.
- Fournir des renseignements exacts et véridiques.
- Si l'assureur a besoin de renseignements provenant de tiers, les autoriser à fournir ces renseignements.
- Présenter un programme de traitement avant d'engager des dépenses pour des soins médicaux ou de réadaptation.
- Accepter les traitements prescrits et participer aux thérapies de réadaptation destinés à leur permettre de retourner au travail, de postuler un emploi ou de réduire la période d'invalidité.
- Coopérer avec les représentants désignés ou retenus par l'assureur pour l'aider à évaluer la demande d'indemnisation.
- Aviser dans les meilleurs délais l'assureur de tout changement significatif de circonstances susceptible de modifier les conditions d'indemnisation (délai de quatorze jours aux termes de la *Loi sur les assurances*).
- Se soumettre aux évaluations et aux examens exigés par l'assureur et justifiés aux termes de l'*Annexe sur les indemnités d'accident légales*, notamment ceux effectués dans des centres d'évaluation désignés.
- En cas d'empêchement, aviser l'assureur et les personnes chargées de l'examen ou de l'évaluation que le rendez-vous fixé ne pourra être respecté et en donner les raisons (délai de deux jours dans des circonstances normales).

- Autoriser les personnes habilitées à les examiner en vertu de l'*Annexe sur les indemnités d'accident légales* à rédiger un rapport à l'intention de votre assureur.

**GUIDELINE FOR IDENTIFYING STUDENTS  
WHO QUALIFY FOR THE STUDENT NON-EARNER  
BENEFIT (BILL 59)**

This guideline is issued pursuant to Section 268.3 of the *Insurance Act*.

This guideline applies to accidents occurring on or after November 1, 1996 and is to be considered when determining whether an insured person qualifies for the non-earner benefit as a student or as someone who has recently completed his or her education at the time of the accident.

For the purposes of the *Statutory Accident Benefits Schedule (SABS)*, an individual may qualify for non-earner benefits if he or she, at the time of an accident:

1. was enrolled on a full-time basis in elementary education;
2. was enrolled on a full-time basis in secondary education;
3. was enrolled on a full-time basis in post-secondary education;
4. completed his or her education within one year prior to the accident.

**Elementary education** includes kindergarten to grade eight at a public school, separate school or private school of equivalent level, approved by the minister responsible for education or comparable education level in other jurisdictions approved by a comparable authority.

**Secondary education** includes grades nine to thirteen or equivalent, at a school that is under the jurisdiction of a public or separate school board or a private school of equivalent level, approved by the minister responsible for education or comparable education level in other jurisdictions approved by a comparable authority.

**Post-secondary education** includes programs taken at community colleges, universities and equivalent institutions approved by the minister responsible for education or education programs taken at institutions in other jurisdictions with approval by a comparable authority.

An individual is eligible for non-earner benefits whether or not the automobile accident occurred at a time when he or she normally attends classes.

**Completed Education** means the insured person successfully completed his or her schooling or education program he or she was pursuing (elementary, secondary or post-secondary) or the insured person withdrew from school with no intention of returning.

**Election**

In some cases, an individual may be eligible for more than one weekly benefit. In these cases, the person must elect which benefit he or she wishes to receive under Section 36 of the *SABS*.

**DIRECTIVE CONCERNANT L'IDENTIFICATION  
DES ÉTUDIANTS ADMISSIBLES À L'INDEMNITÉ  
DE PERSONNE SANS REVENU D'EMPLOI  
(PROJET DE LOI 59)**

La présente directive est émise en vertu de l'article 268.3 de la *Loi sur les assurances*.

Cette directive s'applique aux accidents survenus le 1<sup>er</sup> novembre 1996 ou après ce jour et doit être prise en considération pour déterminer si une personne assurée a droit à l'indemnité de personne sans revenu d'emploi en tant qu'étudiant(e) ou personne ayant terminé ses études depuis peu au moment de l'accident.

Aux fins de l'*Annexe sur les indemnités d'accident légales*, une personne peut avoir droit à des indemnités de personne sans revenu d'emploi si au moment de l'accident :

1. elle était inscrite à un programme d'études élémentaires à temps plein;
2. elle était inscrite à un programme d'études secondaires à temps plein;
3. elle était inscrite à un programme d'études postsecondaires à temps plein;
4. elle avait terminé ses études à l'intérieur d'une période d'un an.

**Études élémentaires** comprennent le jardin d'enfants jusqu'à la huitième année dans les écoles publiques, dans les écoles séparées, ou dans les écoles privées de niveau équivalent, selon l'approbation du ministre responsable de l'éducation, ou un palier d'études comparable dans d'autres compétences approuvées par une autorité comparable.

**Études secondaires** comprennent les années d'études allant de la neuvième à la treizième ou l'équivalent, dans une école qui relève d'un conseil d'écoles publiques ou séparées ou dans une école privée de niveau équivalent, selon l'approbation du ministre responsable de l'éducation, ou un niveau d'études comparable dans d'autres compétences approuvées par une autorité comparable.

**Études postsecondaires** comprennent les programmes d'études dans les collèges communautaires, les universités et les établissements équivalents approuvés par le ministre responsable de l'éducation ou les programmes d'études dans des établissements d'autres compétences approuvés par une autorité comparable.

Une personne est admissible à des indemnités de personne sans revenu d'emploi que l'accident se soit produit au moment où elle aurait été normalement en classe ou non.

**Études terminées** on entend par là que la personne assurée a terminé avec succès ses études ou un programme d'études qu'elle avait entrepris (études élémentaires, secondaires ou postsecondaires) ou que la personne assurée a quitté l'école sans avoir l'intention d'y retourner.

#### Choix

Dans certains cas, une personne peut être admissible à plus d'une indemnité hebdomadaire. La personne doit alors faire un choix en vertu de l'article 36 de l'*Annexe sur les indemnités d'accident légales*.

#### GUIDELINE FOR IDENTIFYING SELF-EMPLOYED INDIVIDUALS

This guideline is issued pursuant to Section 268.3 of the *Insurance Act*.

This guideline applies to all accidents occurring on or after January 1, 1994, including accidents on or after November 1, 1996, and should be used when it has already been established that the individual is employed, but it is unclear whether the individual is self-employed or what the relationship is between the individual and an employer. Under the *Statutory Accident Benefits Schedule (SABS)* self-employment income is treated differently than employment income.

For the purposes of the *SABS*, an individual is considered to be self-employed if the business he or she derives his or her remuneration from is not incorporated under any law. For example, sole proprietorships and partnerships are considered to be self-employment situations. If the individual derives his or her remuneration from an incorporated business, then he or she is considered to be an employee of the corporation.

#### Definitions

**Business** An activity that is carried on for profit or with a reasonable expectation of profit, including a profession, a calling, a trade, a manufacture or undertaking of any kind, an adventure or concern in the nature of trade, or a service.

**Employee** An individual who is hired to perform pre-determined tasks/work in a business in exchange for remuneration.

**Employer** An entity, such as a corporation, group of individuals or a single individual, who hires another individual(s) to perform pre-determined tasks/work in a business in exchange for remuneration.

**Purchaser** An entity, such as a corporation, group of individuals or a single individual, that enters into an agreement or contract for service(s) with another individual in exchange for a negotiated remuneration.

The following sets out indicators of self-employment in two situations:

#### 1. TRADITIONAL SELF-EMPLOYMENT SITUATION

##### The Individual:

- is an owner of an unincorporated sole proprietorship or a partner in a partnership (other than a limited partner).
- has an established location where business transactions take place.
- participates in the everyday operations of the business (not just an investor or receiving remuneration for purposes of income splitting).
- determines own method and schedule for accomplishing tasks.
- determines own hours and may not necessarily work a set number of hours per period (i.e. 40 hour week).
- negotiates the price(s) of product(s) or fee(s) for service(s) with the customer or client with the exception of regulated fields (i.e. physicians).
- determines the annual income as his or her profit from the business according to the *Income Tax Act (Canada)* and *Income Tax Act (Ontario)*.
- is ineligible for regular Employment Insurance benefits.
- contributes the employer and employee contributions to Canada Pension Plan (CPP) for his or her own pension plan.

- collects and remits all taxes to different levels of government according to each respective tax legislation (i.e. GST, PST, source deductions from employee(s)).

#### In the case of a sole proprietorship:

- has control over:
  - (1) the hiring and dismissal of employee(s),
  - (2) the wage level and hours of work of employee(s),
  - (3) the method by which employee(s) accomplish work, and
  - (4) executive decisions surrounding the business.

#### In the case of a partnership:

- has some or all control, depending on agreements with his or her partner(s) over:
  - (1) the hiring and dismissal of employee(s),
  - (2) the wage level and hours of work of employee(s),
  - (3) the method by which employee(s) accomplish work, and
  - (4) executive decisions surrounding the business.

Examples: (1) owner/operator or partner of a restaurant, convenience store, etc.  
(2) physician in private practice

## 2. CONTRACT OF SERVICE SITUATION

#### The Individual:

- has contract work with no long-term or permanent relationship to a specific purchaser.
- is providing the actual service(s) which may be performed at one or more locations for one or more purchasers over the same period of time.
- determines own method and schedule for accomplishing tasks.
- determines own hours and may not necessarily work a set number of hours per period (i.e. 40 hour week).
- negotiates fees for services provided to the purchaser.
- has a business-relationship with a purchaser(s) evidenced by a contract or agreement, either written or oral, express or implied, usually providing some sort of labour.
- does not hire any employees.
- is ineligible for regular Employment Insurance benefits.
- contributes the employer and employee contributions to CPP for his or her own pension plan.
- determines the annual income as his or her profit from the business according to the *Income Tax Act (Canada)* and *Income Tax Act (Ontario)*.

Examples: 1) Independent cleaners  
2) Independent truck driver  
3) Handyman  
4) Limousine driver

### DIRECTIVE CONCERNANT LES PERSONNES À LEUR COMPTE

La présente directive est émise conformément à l'article 268.3 de la *Loi sur les assurances*.

Cette directive s'applique à tous les accidents survenus depuis le 1<sup>er</sup> janvier 1994, y compris les accidents survenus le 1<sup>er</sup> novembre 1996 ou après ce jour, et doit être utilisée lorsqu'on a établi qu'une personne travaille mais que l'on ne peut pas déterminer si elle est à son compte ou quelle est sa relation avec un employeur. Aux termes de l'*Annexe sur les indemnités d'accident légales*, le revenu d'un travail à son compte est traité différemment d'un revenu tiré d'un emploi.

Aux fins de l'Annexe, une personne est considérée comme étant à son compte si l'entreprise qui lui verse une rémunération n'est pas constituée en personne morale en vertu d'une loi. Par exemple, les entreprises à propriétaire unique et les sociétés en nom collectif entrent dans la catégorie de situation de travail à son compte. Si la personne touche son revenu d'une entreprise constituée en personne morale, elle est considérée comme un employé de cette personne morale.

#### Définitions :

- «entreprise» activité à but lucratif ou visant à réaliser des bénéfices; elle comprend les professions, métiers, commerces, usines ou opérations de tous genres, les risques ou affaires de caractère commercial et les services.
- «employé» personne embauchée dans une entreprise pour exécuter contre rémunération des tâches ou des travaux prédéterminés.
- «employeur» entité telle qu'une personne morale, un groupe de personnes ou une personne seule, qui embauche une ou plusieurs autres personnes dans une entreprise pour exécuter contre rémunération des tâches ou des travaux prédéterminés.
- «acheteur» entité telle qu'une personne morale, un groupe de personnes ou une personne seule, qui conclut avec une autre personne un accord ou un contrat en vue d'obtenir un ou des services contre une rémunération négociée.

Dans les situations ci-après, les indicateurs de travail à son compte sont les suivants :

#### 1) TRAVAIL À SON COMPTE TRADITIONNEL

##### La personne :

- est propriétaire unique d'une entreprise non constituée en personne morale ou est associée (autre que commanditaire) d'une société en nom collectif.
- a un emplacement établi où elle fait des affaires.
- participe à l'exploitation courante de l'entreprise (n'est pas seulement un investisseur ni une personne qui ne touche une rémunération qu'aux fins du fractionnement du revenu).
- accomplit ses tâches selon une méthode et un horaire qu'elle établit elle-même.
- établit ses propres heures de travail et ne travaille pas nécessairement pendant un nombre fixe d'heures par période de travail (p. ex. 40 heures par semaine).
- négocie le prix de ses produits ou services avec ses clients, sauf dans les domaines réglementés (p. ex. les médecins).
- déclare comme son revenu annuel les bénéfices qu'elle tire de l'entreprise aux termes de la *Loi de l'impôt sur le revenu du Canada* et de la *Loi de l'impôt sur le revenu de l'Ontario*.
- n'est pas admissible à recevoir des prestations ordinaires d'assurance-emploi.
- verse les contributions de l'employeur et de l'employé au Régime de pensions du Canada pour son propre régime de retraite.
- perçoit et remet aux différents paliers de gouvernement tous les impôts prélevés selon leurs mesures législatives respectives en matière de fiscalité (p. ex. TVD, TPS, retenues sur le salaire des employés).

**Dans le cas d'une entreprise à propriétaire unique :**

- a autorité sur :
  - 1) l'embauche et le congédiement des employés;
  - 2) le niveau de rémunération et les heures de travail des employés;
  - 3) la méthode selon laquelle les employés accomplissent leur travail;
  - 4) les décisions administratives touchant l'entreprise.

**Dans le cas d'une société en nom collectif :**

- a une autorité partielle ou complète, selon les accords conclus avec ses associés sur :
  - 1) l'embauche et le congédiement des employés;
  - 2) le niveau de rémunération et les heures de travail des employés;
  - 3) la méthode selon laquelle les employés accomplissent leur travail;
  - 4) les décisions administratives touchant l'entreprise.

Exemples : 1) Propriétaire-exploitant ou associé dans un restaurant, un dépanneur, etc.  
 2) Médecin en pratique privée

**2) CONTRATS OU SERVICES****La personne :**

- exécute des contrats sans lien de longue durée ou permanent avec l'acheteur.
- fournit le ou les services pouvant être fournis à un ou plusieurs endroits pour un ou plusieurs acheteurs au cours de la même période.
- accomplit ses tâches selon une méthode et un horaire qu'elle établit elle-même.
- établit ses propres heures de travail et ne travaille pas nécessairement pendant un nombre fixe d'heures par période de travail (p. ex. 40 heures par semaine).

Exemples : 1) Nettoyeurs indépendants  
 2) Camionneurs indépendants  
 3) Bricoleurs  
 4) Chauffeurs de limousine

**GUIDELINE ON THE MANAGEMENT OF CLAIMS INVOLVING WHIPLASH-ASSOCIATED DISORDERS**

This guideline is issued pursuant to Section 268.3 of the *Insurance Act*.

This guideline applies to all accidents occurring on or after January 1, 1994, including accidents on or after November 1, 1996 and is intended to help insurers, claimants, and providers understand what is a reasonable medical and rehabilitation expense for a person who has sustained a whiplash injury in an auto accident. The *Statutory Accident Benefits Schedule* requires that insurers pay for all reasonable and necessary medical and rehabilitation expenses incurred by or on behalf of a claimant who sustains an impairment as a result of an auto accident.

**Background**

The Société d'assurance automobile du Québec (SAAQ) is the public auto insurer in the Province of Quebec. The SAAQ sponsored a task force on whiplash-associated disorders (WAD) which submitted a report in early 1995. The Task Force Report makes specific recommendations regarding the prevention, diagnosis and treatment of WAD. Included in the report is a proposal for classifying WAD and patient management guidelines. The *Guideline on the Management of Claims Involving Whiplash-Associated Disorders* is based on the recommendations made by the Quebec Task Force.

For those who would like to review the study, the Task Force Report titled *Redefining "Whiplash" and its Management* was published in the April 15, 1995 edition of *Spine*. The full report is available directly from the SAAQ.

**Definitions**

The Quebec Task Force defined **whiplash** as an acceleration-deceleration mechanism of energy transfer to the neck which may result from rear-end or side impact, predominantly in motor vehicle collisions, but also from diving accidents, and from other mishaps. The energy transfer may result in bony or soft tissue injuries (whiplash injury), which in turn may lead to a wide variety of clinical manifestations (whiplash-associated disorders).

**Whiplash-associated disorder (WAD)** is the term adopted by the Quebec Task Force to describe the clinical entities associated with the energy transfer and the injury.

**WAD Case Management Guide**

Insurers should encourage practitioners to use the *Quebec Classification of Whiplash-Associated Disorders* (found in Chart 1) in their reports.

Chart 2 provides a guide, in the form of a flow chart, to managing WAD cases. Insurers are encouraged to use the chart and accompanying operational definitions. Insurers should be aware that this is only a guide in evaluating the clinical management of their claimants with WAD and only in those cases where no other injury exists. The most important objective is to prevent chronicity. The consensus is that claimants that are disabled for six months or more should be considered chronic.

According to Chart 2, unresolved disability in Grade I WAD cases would undergo a specialized consultation at 3 weeks and a multidisciplinary consultation after 6 weeks. For Grade II and III WAD, specialized consultation for unresolved cases should take place at 6 weeks and multidisciplinary consultation at 12 weeks. Grade I WAD cases with persistent problems should be reassessed in 7 days, and Grade II and III WAD cases, who have not returned to usual activity in 3 weeks, should be reassessed.

**Treatment of WAD**

The Quebec Task Force found most therapeutic interventions currently used in patients with WAD have not been evaluated in a scientifically rigorous manner. Those treatments that have been evaluated in a scientifically rigorous manner show little evidence of effectiveness. In general, interventions promoting activity such as mobilization, manipulation, and exercises in combination with analgesics or certain anti-inflammatory drugs are effective on a time-limited basis. Insurers should carefully monitor claims where treatment is prolonged and activity is discouraged.

Insurers should be wary of claims where the practitioner is not encouraging early return to usual activities. Immediate return to usual activities is recommended for Grade I WAD with no work restriction. For Grade II and III WAD, return to usual activity as soon as possible should be encouraged, typically in less than 1 week for Grade II WAD. Work modifications may be necessary for Grades II and III, but should be temporary, except for clinical circumstances justified as unusual or for atypical work settings. Work modifications should be reassessed within 3 weeks.

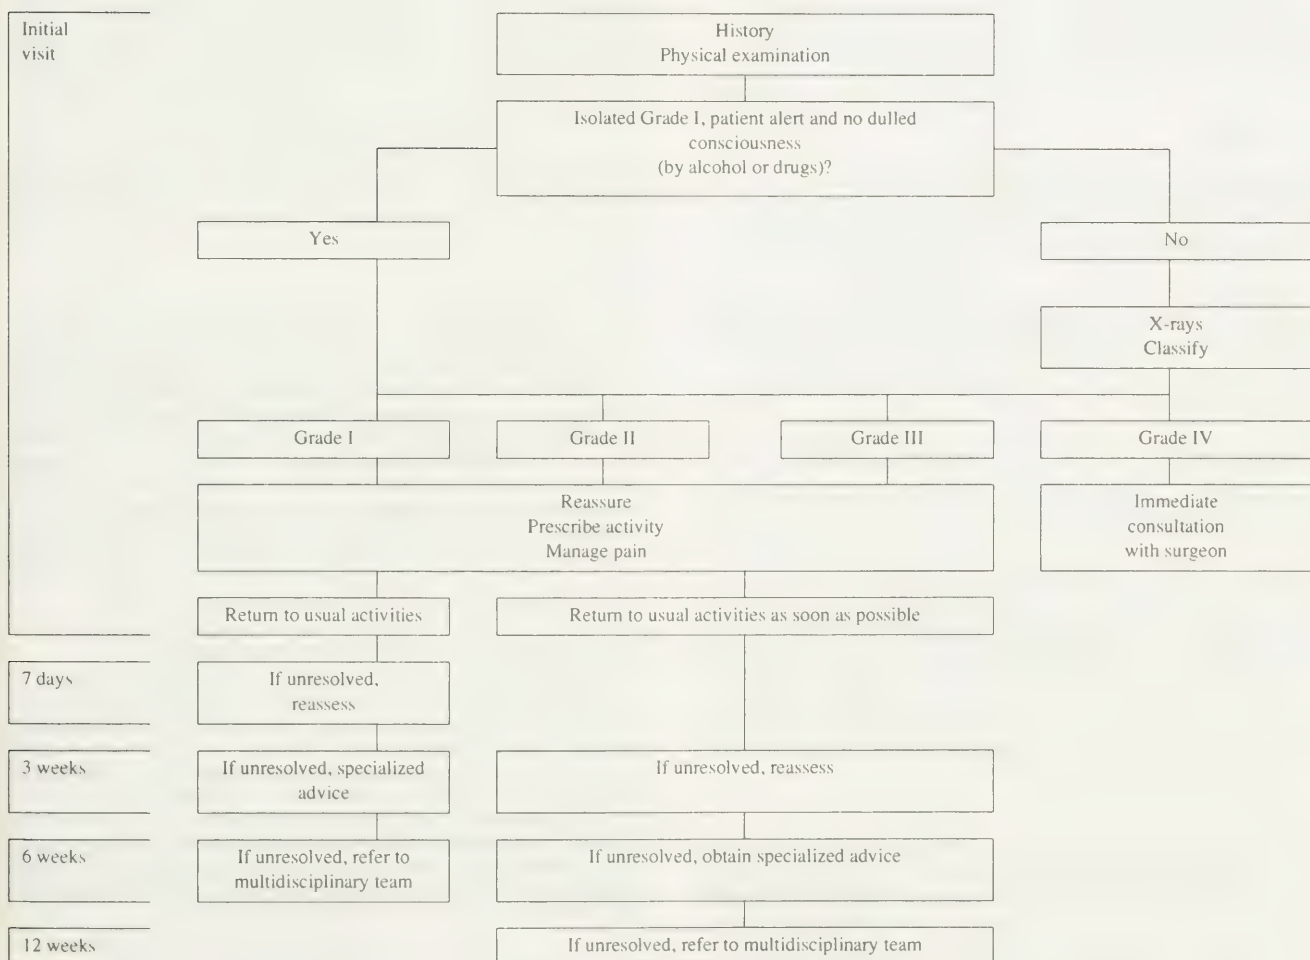

Chart 3 summarizes treatment recommendations made by the Quebec Task Force for WAD patients. Insurers may wish to use the chart as a guide to evaluating treatment programs.

**CHART 1****QUEBEC CLASSIFICATION OF WHIPLASH-ASSOCIATED DISORDERS**

Grade	Clinical Presentation
I	Neck complaint of pain, stiffness or tenderness only No physical sign(s)
II	Neck complaint AND Musculoskeletal sign(s) including decreased range of motion and point tenderness
III	Neck complaint AND Neurological sign(s) including decreased or absent deep tendon reflexes, weakness and sensory deficits
IV <sup>1</sup>	Neck complaint AND Fracture or dislocation

**Symptoms and disorders that can be manifest in all grades include deafness, dizziness, tinnitus, headache, memory loss, dysphagia, and temporo-mandibular joint pain.**

1. Grade IV injuries are not considered WAD.

**CHART 2****WAD CASE MANAGEMENT GUIDE**

## OPERATIONAL DEFINITIONS

Isolated	Not associated with other injuries.
Multidisciplinary team	Health professionals with in-depth formal training in musculoskeletal disorder, psychosocial assessment, and other specialties.
Prescribe activity	Interventions should focus on promoting activity. Range of motion exercises should be implemented. Techniques that promote mobility of the cervical spine can be used but should be applied by qualified personnel. Interventions that impede active mobilization of the neck are not indicated.
Reassure	Patients should be advised that most WAD are benign and self-limiting, and they should be encouraged to resume usual activities of life as soon as possible.
Return to usual activities	Patients should be advised to resume their activities of daily living, as soon as possible (usually immediately for Grade I). It should be explained to patients that usual activities may be temporarily painful but not harmful in WAD.
Specialized advice	Consultations with a health professional with in-depth formal training in managing WAD.
Unresolved	Unable to resume usual activities. A patient who still has residual pain or limitation of range of motion but who is able to resume work and other usual activities is considered to have resolved WAD.

### CHART 3 TREATMENT GUIDE FOR WAD

## IMMOBILIZATION

**Collars:** Collars should not be prescribed for Grade I WAD. If prescribed for Grade II or III, they should be restricted to no more than 72 hours as they may promote inactivity and delay recovery.

**Prescribed rest:** Rest should not be prescribed for WAD I. Rest for more than 4 days should not be prescribed for WAD II. Prolonged rest can be detrimental to recovery.

**Cervical pillows:** Cervical pillows are not required.

## ACTIVATION

**Manipulation:** A short-term regimen of manipulation can be used for WAD. This technique should be restricted to qualified practitioners.

**Mobilization:** A regimen of mobilization may be used for WAD.

**Exercise:** Range of motion exercises should be implemented immediately, in combination if necessary, with intermittent rest when pain is severe. Clinical judgement is crucial if symptoms are aggravated.

**Posture advice:** Postural advice can be given in combination with activation in WAD.

**Spray and stretch:** Spray and stretch is not recommended.

**Traction:** A regimen of traction can be used in combination with other mobilizing interventions in WAD.

## PASSIVE MODALITIES/ELECTROTHERAPIES

**Heat, ice, massage, TENS<sup>1</sup>, PENT<sup>2</sup>, electrical stimulation, ultrasound, laser, short-wave diathermy:** PENT is not recommended for Grade I WAD because it involves wearing a soft collar for 8hr/day for 12 weeks. The other professionally administered passive modalities/electrotherapies are optional adjuncts for Grades II and III WAD during the first 3 weeks to activating interventions with emphasis on return as soon as possible to usual activity.

## SURGICAL TREATMENT

There are no indications for surgical intervention in Grade I and II WAD. Surgery is to be restricted to the rare Grade III WAD with

persistent arm pain that does not respond to conservative management or with rapidly progressing neurologic deficit.

## INJECTIONS

**Steroid injections:** Intra-articular steroid injection cannot be recommended for WAD. There is no reason for a practitioner to prescribe any of these treatments. Practitioners should recommend against the magnetic necklace. Epidural steroid injections should not be used for Grade I or II WAD. Occasionally, Grade III WAD with unresolved radicular pain of less than 1 month might benefit from epidural steroid injections. There is no indication for steroid trigger point injection in the acute phase (first 3 weeks). Because harmful side effects of repeated steroid use have been reported, steroid trigger point injections should not be used unless their benefit in WAD is shown.

**Sterile water injections:** Sterile water subcutaneous trigger point injections can be used for Grade II WAD where trigger points are present as an optional adjunct to activating interventions with emphasis on return to usual activities.

## PHARMACOLOGY

No medication should be prescribed for Grade I WAD. Non-narcotic analgesics and NSAIDs<sup>3</sup> can be used to alleviate pain for short-term in Grades II and III WAD. Their use should not be continued for more than 3 weeks. Narcotic analgesics should not be prescribed for Grade I and II WAD. Occasionally, they may be prescribed for pain relief in acute severe Grade III, but only for a limited period of time. Muscle relaxants should not generally be used in the acute phase of WAD. The psychopharmacologic drugs are not recommended for use on a general basis in WAD but they may be used occasionally for symptoms such as insomnia or tension, as an adjunct to activating interventions during the first 3 months. For chronic pain in WAD (over 3 months duration), the minor tranquilizers and antidepressants may be used.

## MISCELLANEOUS INTERVENTIONS (FORMALLY PRESCRIBED)

**Prescribed function, Neck school, work alteration, relaxation techniques, acupuncture:** Prescribed function, i.e., immediate return to usual activity, is recommended for Grade I WAD. Neck school, work alteration, and relaxation techniques are not indicated for Grade I WAD. For Grades II and III, prescribed function, i.e., return to usual activity, is encouraged as soon as possible. Neck school, temporary work alteration, relaxation techniques, and acupuncture are optional adjuncts for symptom durations of more than 3 weeks in Grades II and III.

1. Transcutaneous electrical nerve stimulation  
2. Pulsed electromagnetic treatment

3. nonsteroidal anti-inflammatory drugs such as aspirin or acetaminophen

**OTHER INTERVENTIONS (NOT FORMALLY PRESCRIBED)**

**Magnetic necklace, relaxation techniques, topicals, herbal and homeopathic remedies, over the counter medication, reflexology:** There is no reason for a practitioner to prescribe any of these treatments. Practitioners should recommend against the magnetic necklace.

**DIRECTIVE CONCERNANT LA GESTION DES DEMANDES DE RÈGLEMENT PORTANT SUR DES TROUBLES ASSOCIÉS À L'ENTORSE CERVICALE**

La présente directive est émise conformément à l'article 268.3 de la *Loi sur les assurances*.

Cette directive s'applique à tous les accidents survenus depuis le 1<sup>er</sup> janvier 1994, y compris les accidents survenus le 1<sup>er</sup> novembre 1996 ou après ce jour. Elle vise à aider les assureurs, les demandeurs et les fournisseurs à comprendre ce que constituent des frais médicaux et de réadaptation raisonnables pour une personne qui souffre de troubles associés à l'entorse cervicale à la suite d'un accident d'automobile. L'*Annexe sur les indemnités d'accident légales* exige que les assureurs paient tous les frais médicaux et de réadaptation raisonnables engagés par les demandeurs ou pour leur compte si ces derniers souffrent d'une déficience à la suite d'un accident d'automobile.

**Historique**

La Société d'assurance automobile du Québec (SAAQ) est l'assureur automobile public de la province de Québec. À la demande de la SAAQ, un groupe de travail sur les troubles associés à l'entorse cervicale (TAEC) a été mis sur pied et a soumis son rapport au début de 1995. Ce rapport renferme des recommandations précises concernant la prévention, le diagnostic et le traitement des TAEC. Il comporte également une proposition pour le classement des TAEC et des directives relatives à la prise en charge des patients. La *Directive relative à la gestion des demandes de règlement portant sur des troubles associés à l'entorse cervicale* est fondée sur les recommandations du groupe de travail québécois.

Le rapport du groupe de travail intitulé *Redéfinir le «whiplash» et sa prise en charge* a été publié en supplément au numéro de mai 1995 de la revue *Le Médecin du Québec*. Vous pouvez en obtenir la version intégrale auprès de la SAAQ.

**Définitions**

Le groupe de travail québécois a défini le «**whiplash**» comme étant un mécanisme de transfert d'énergie au cou, par accélération-décélération, qui peut résulter d'un impact arrière ou latéral, surtout lors de collision de véhicules à moteur, mais aussi lors de plongeon, ou en d'autres occasions. Le transfert d'énergie peut provoquer des blessures osseuses ou des blessures des tissus mous (entorse cervicale), qui à leur tour peuvent entraîner une grande variété de manifestations cliniques (troubles associés à l'entorse cervicale).

Le terme **troubles associés à l'entorse cervicale (TAEC)** a été adopté par le groupe de travail québécois pour décrire les entités cliniques associées au transfert d'énergie et à la blessure.

**Guide de prise en charge des cas de TAEC**

Les assureurs doivent inciter les praticiens à utiliser la *Classification québécoise des troubles associés à l'entorse cervicale* (tableau 1) pour la préparation de leurs rapports.

Le tableau 2 fournit un guide pour la prise en charge des cas de TAEC. On encourage fortement les assureurs à se servir de ce tableau et des définitions opérationnelles qui l'accompagnent. Il faut garder à l'esprit que ce guide ne sert qu'à évaluer la gestion clinique des personnes qui ont des TAEC et qui ne souffrent d'aucune autre blessure. L'objectif principal est d'éviter que les cas deviennent chroniques. On s'entend pour dire que lorsque des personnes sont invalides pendant six mois ou plus, il s'agit de cas chroniques.

Selon le tableau 2, les patients souffrant de TAEC de stade I dont l'invalidité est non résolue auraient une consultation avec un ou une spécialiste à la troisième semaine et une évaluation pluridisciplinaire après six semaines. Pour ceux de stade II ou III, la consultation avec un ou une spécialiste aurait lieu à la sixième semaine et l'évaluation pluridisciplinaire à la douzième semaine. Les patients souffrant de TAEC de stade I dont les problèmes persistent doivent être réévalués après sept jours et ceux de stade II ou III qui n'ont pas repris leurs activités habituelles après trois semaines doivent aussi être réévalués.

**Traitement des TAEC**

Le groupe de travail québécois a constaté que la plupart des interventions thérapeutiques dont les patients souffrant de TAEC font actuellement l'objet n'ont pas été évaluées avec une grande rigueur scientifique. Dans le cas des interventions qui l'ont été, on constate qu'il y a très peu de preuves de leur efficacité. En règle générale, les interventions visant à encourager l'activité telle que la mobilisation, la manipulation et les exercices combinés à des analgésiques ou certains médicaments anti-inflammatoires sont efficaces pendant une période limitée. Les assureurs doivent surveiller de près les cas dont le traitement est prolongé et pour lesquels l'activité est contre-indiquée.

Il faut se méfier lorsque le praticien ne préconise pas la reprise des activités habituelles dans un bref délai. La reprise immédiate des activités habituelles est recommandée pour les cas de TAEC de stade I sans restriction sur le plan du travail. Pour les cas de stade II ou III, il faut inciter les patients à reprendre leurs activités habituelles dès que possible, généralement en moins d'une semaine pour les cas de TAEC de stade II. Il peut être nécessaire de procéder à des modifications sur le plan du travail pour les cas de stade II ou III. Toutefois, ceux-ci doivent être temporaires sauf lorsqu'il y a des circonstances cliniques inhabituelles ou que le milieu de travail est atypique. Les modifications touchant le travail doivent être réévaluées dans les trois semaines.

Le tableau 3 constitue un sommaire des recommandations du groupe de travail québécois concernant le traitement des patients souffrant de TAEC. Ce tableau pourra servir de guide aux assureurs lors de l'évaluation des programmes de traitement.

Stade	Présentation clinique
I	Plainte de douleur, de raideur ou de sensibilité du cou seulement Aucun signe clinique
II	Plainte au niveau du cou ET Signe(s) clinique(s) musculosquelettique(s) comprenant la réduction de l'amplitude des mouvements et la sensibilité à l'examen palpatoire

**Les symptômes et troubles qui peuvent se manifester à tous les stades comportent la surdité, le vertige, l'acouphène, la céphalée, les pertes de mémoire, la dysphagie et les troubles de l'articulation temporo-mandibulaire.**

1. Les blessures de stade IV ne sont pas considérées comme étant des TAEC.

**TABEAU 2 - GUIDE DE PRISE EN CHARGE DES PATIENTS  
AYANT DES TROUBLES ASSOCIÉS À L'ENTORSE CERVICALE**

### DÉFINITIONS OPÉRATIONNELLES

Isolé	Non associé à d'autres blessures.
Équipe pluri-disciplinaire	Professionnels de la santé ayant eu une formation formelle approfondie sur les troubles musculosquelettiques, l'évaluation psychosociale et autres spécialités.
Prescrire de l'activation	Les interventions de mobilisation doivent se concentrer sur la promotion de l'activation. Les exercices doivent être mis en oeuvre. Les techniques qui favorisent la mobilité de la colonne cervicale peuvent être utilisées mais doivent être appliquées par du personnel qualifié. Les interventions qui entravent la mobilisation active du cou ne sont pas indiquées.
Rassurer	Il faut rassurer les patients quant au caractère bénin et d'évolution limitée de la plupart des TAEC et les encourager à reprendre leurs activités habituelles dès que possible.
Retour aux activités habituelles	Il faut conseiller aux patients de reprendre leurs activités quotidiennes dès que possible (habituellement immédiatement pour le stade I). Il faut expliquer aux patients que les activités habituelles peuvent être temporairement douloureuses mais ne sont pas nuisibles dans les TAEC.
Avis spéciaux	Consultation avec un professionnel de la santé ayant eu une formation formelle approfondie sur la prise en charge des TAEC.
Non résolu	Incapable de reprendre les activités habituelles. Un patient qui a toujours une douleur ou une limitation résiduelle de l'amplitude des mouvements mais qui est capable de reprendre le travail et les autres activités habituelles doit être considéré comme un cas résolu.

TABLEAU 3

GUIDE DE TRAITEMENT DES TROUBLES ASSOCIÉS À  
L'ENTORSE CERVICALE

## IMMOBILISATION

**Colliers :** Les colliers ne devraient pas être prescrits pour des TAEC de stade I. S'ils sont prescrits aux stades II et III, ils devraient être limités à un maximum de 72 heures puisqu'ils incitent à l'inactivité et entraînent une récupération plus longue.

**Prescription De Repos :** Le repos ne devrait pas être prescrit pour les TAEC de stade I. Le repos de plus de 4 jours ne devrait pas être prescrit pour les TAEC de stade II. Le repos prolongé peut nuire à la récupération.

**Oreillers Cervicaux :** Les oreillers cervicaux ne sont pas nécessaires.

## ACTIVATION

**Manipulation :** La manipulation peut être utilisée à court terme pour les TAEC. Cette technique ne devrait être appliquée que par des praticiens qualifiés.

**Mobilisation :** La mobilisation peut être utilisée pour les TAEC.

**Exercice :** Les exercices d'amplitude de mouvement devraient être mis en oeuvre immédiatement, en combinaison, si nécessaire, avec des périodes de repos quand la douleur est majeure. Le jugement clinique est crucial si les symptômes sont accentués.

**Conseils posturaux :** Les conseils posturaux peuvent être donnés pour les TAEC en combinaison avec l'activation.

**Étirement et pulvérisation :** L'étirement et la pulvérisation ne sont pas recommandés.

**Traction :** Un traitement par traction peut être utilisé en combinaison avec d'autres interventions de mobilisations pour les TAEC.

## MODALITÉS PASSIVES/ÉLECTROTHÉRAPIES

**Chaleur, glace, massage, TENS<sup>1</sup>, PEMT<sup>2</sup>, stimulation électrique, ultrason, laser, diathermie à ondes courtes :** La PEMT n'est pas recommandée pour les TAEC de stade I car elle implique de porter un collier souple 8 h/jour pendant 12 semaines. Les autres modalités passives/électrothérapies, administrées par un professionnel de la santé, peuvent être pour les TAEC aux stades II et III des compléments optionnels à des interventions d'activation pendant les trois premières semaines, en insistant sur le retour aux activités habituelles dès que possible.

## TRAITEMENT CHIRURGICAL

Il n'y a aucune indication d'intervention chirurgicale pour les TAEC aux stades I ou II. La chirurgie est à restreindre aux rares TAEC de stade III qui ont une brachialgie persistante qui ne répond pas à une prise en charge conservatrice, ou qui ont un déficit neurologique progressant rapidement.

## INJECTIONS

**Injections de stéroïdes :** L'injection intraarticulaire de stéroïdes ne peut être recommandée. Les injections épidurales de stéroïdes ne devraient pas être utilisées aux stades I et II. Occasionnellement, un stade III ayant une douleur radiculaire non résolue de moins d'un mois pourrait bénéficier d'injections épidurales de corticostéroïdes. Il n'y a pas d'indication d'injection de stéroïdes aux points de gâchettes dans la phase aiguë (3 premières semaines). Parce que l'usage répété de stéroïdes entraîne des effets secondaires nocifs, les injections de stéroïdes aux points de gâchettes ne devraient pas être utilisées à moins que leur bénéfice pour les TAEC ne soit démontré.

**Injection d'eau stérile :** L'injection sous-cutanée d'eau stérile au niveau des points de gâchettes peut être utilisée pour les TAEC de stade II, quand les points de gâchettes existent, comme complément optionnel des interactions aux activités en insistant sur le retour aux activités habituelles.

## PHARMACOLOGIE

Aucun médicament ne devrait être prescrit pour les stades I. Les analgésiques non-narcotiques et les AINS<sup>3</sup> peuvent être utilisés pour soulager la douleur à court terme pour les stades II et III. Leur utilisation ne devrait pas se poursuivre au-delà de 3 semaines. Les analgésiques narcotiques ne devraient pas être prescrits aux stades I et II. Occasionnellement, ils peuvent être prescrits pour soulager la douleur dans les stades III graves à la phase aiguë, mais seulement pour une courte période. En général, les myorelaxants ne doivent pas être utilisés dans la phase aiguë des TAEC. Les médicaments psychopharmacologiques ne sont pas recommandés de manière routinière pour les TAEC; ils peuvent être utilisés occasionnellement pour les symptômes tels que : l'insomnie ou le stress, comme complément d'intervention d'activation pendant les 3 premiers mois. Pour la douleur chronique des TAEC (plus de 3 mois), les tranquillisants mineurs et les anti-dépresseurs peuvent être utilisés.

INTERVENTIONS DIVERSES  
(PRESCRITES FORMELLEMENT)

**Fonction prescrite, école de rééducation du cou, modification du travail, techniques de relaxation, acupuncture :** La fonction prescrite, c'est-à-dire le retour immédiat aux activités habituelles, est recommandée pour le stade I. L'école de rééducation du cou, les modifications au travail et les techniques de relaxation ne sont pas indiquées pour les stades I. Pour les stades II et III, la fonction prescrite, c'est-à-dire le retour aux activités habituelles, est encouragée dès que possible. L'école de rééducation du cou, les modifications temporaires du travail, les techniques de relaxation et l'acupuncture sont des compléments, pour les symptômes qui durent plus de 3 semaines dans le cas des stades II et III.

AUTRES INTERVENTIONS  
(NON PRESCRITES FORMELLEMENT)

**Collier magnétique, techniques de relaxation, crèmes topiques, tisanes et remèdes homéopathiques, médicaments sans ordonnances, réflexologie :** Il n'y a pas de raison pour qu'un praticien prescrive un de ces traitements. De plus, le praticien devrait recommander de ne pas utiliser le collier magnétique.

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35.
